## **PREFACE**

To Students and Parents:

Welcome to school year 2016–17! Education is a team effort, and we know that students, parents, teachers, and other staff members all working together can make this a wonderfully successful year for our students.

The Bellevue ISD Student Handbook is designed to provide basic information that you and your child will need during the school year. The handbook is divided into two sections:

**Section I—PARENTAL RIGHTS**—with information to assist you in responding to school-related issues. We encourage you to take some time to closely review this section of the handbook.

**Section II—OTHER IMPORTANT INFORMATION FOR STUDENTS AND PARENTS**—organized alphabetically by topic, and, where possible, further divided by applicability to ages and/or grade levels, for quick access when searching for information on a specific issue.

Please be aware that the term “parent,” unless otherwise noted, is used to refer to the parent, legal guardian, any person granted some other type of lawful control of the student, or any other person who has agreed to assume school-related responsibility for a student.

Both students and parents should become familiar with the Bellevue ISD Student Code of Conduct, which is a document adopted by the board and intended to promote school safety and an atmosphere for learning. That document may be found on the district’s website at [www.bellevueisd.org](http://www.bellevueisd.org) and is available in hard copy upon request.

The Student Handbook is a general reference guide only and is designed to be in harmony with board policy and the Student Code of Conduct. Please be aware that it is not a complete statement of all policies, procedures, or rules that may be applicable in a given circumstance.

In case of conflict between board policy (including the Student Code of Conduct) and any provisions of the Student Handbook, the current provisions of board policy and the Student Code of Conduct are to be followed.

Also, please be aware that the Student Handbook is updated yearly, while policy adoption and revision may occur throughout the year. The district encourages parents to stay informed of proposed board policy changes by attending board meetings. Changes in policy or other rules that affect Student Handbook provisions will be made available to students and parents through newsletters or other communications. The district reserves the right to modify provisions of the Student Handbook at any time, whenever it is deemed necessary. Notice of any revision or modification will be given as is reasonably practical under the circumstances.

Although the Student Handbook may refer to rights established through law or district policy, the Student Handbook does not create any additional rights for students and parents. It does not, nor is it intended to, create contractual or legal rights between any student or parent and the district.

If you or your child has questions about any of the material in this handbook, please contact Michael Qualls at 940-928-2104.

Your child’s school will request that you provide contact information, such as your current phone number and e-mail address, in order for the school to communicate items specific to your child,

your child's school, or the district. If you consent to receive such information through a landline or wireless phone, please ensure that you notify the school's administration office immediately upon a change in or disconnection of your phone number. The district or school may generate automated or pre-recorded messages, text messages, or real-time phone or e-mail communication, so prompt notification of any change in contact information will be crucial to maintain timely communication with you. Standard messaging rates of your phone carrier may apply. If you have specific requests or needs related to how the district contacts you, please contact your child's principal. Please see **Safety** on page 66 for information regarding contact with parents during an emergency situation.

Also, please complete and return to your child's campus the following forms provided in the forms packet distributed at the beginning of the year or upon the student's enrollment:

1. Acknowledgment Form OR Acknowledgment of Electronic Distribution of Student Handbook;
2. Notice Regarding Directory Information and Parent's Response Regarding Release of Student Information;
3. Parent's Objection to the Release of Student Information to Military Recruiters and Institutions of Higher Education, if you choose to restrict the release of information to these entities; and
4. Consent/Opt-Out Form.

[See **Objecting to the Release of Directory Information** on page 4 and **Consent Required Before Student Participation in a Federally Funded Survey, Analysis, or Evaluation** on page 5 for more information.]

Please note that references to policy codes are included so that parents can refer to current board policy. The district's official policy manual is available for review in the superintendent's office, and an unofficial electronic copy is available at [www.bellevueisd.org](http://www.bellevueisd.org).

## **SECTION I: PARENTAL RIGHTS**

This section of the Bellevue ISD Student Handbook includes information related to certain rights of parents as specified in state or federal law.

### **CONSENT, OPT-OUT, AND REFUSAL RIGHTS**

#### **Consent to Conduct a Psychological Evaluation**

A district employee will not conduct a psychological examination, test, or treatment without obtaining prior written parental consent unless the examination, test, or treatment is required under state or federal law regarding requirements for special education or by the Texas Education Agency (TEA) for child abuse investigations and reports.

#### **Consent to Display a Student's Original Works and Personal Information**

Teachers may display students' work, which may include personally identifiable student information, in classrooms or elsewhere on campus as recognition of student achievement.

However, the district will seek parental consent before displaying students' artwork, special projects, photographs taken by students, original videos or voice recordings, and other original works on the district's website, a website affiliated or sponsored by the district, such as a campus or classroom website, and in district publications, which may include printed materials, videos, or other methods of mass communication.

#### **Consent to Receive Parenting and Paternity Awareness Instruction if Student is Under Age 14**

A child under the age of 14 must have parental permission to receive instruction in the district's parenting and paternity awareness program; otherwise, the child will not be allowed to participate in the instruction. This program, developed by the Office of the Texas Attorney General and the State Board of Education (SBOE), is incorporated into the district's health education classes.

#### **Consent to Video or Audio Record a Student When Not Otherwise Permitted by Law**

State law permits the school to make a video or voice recording without parental permission for the following circumstances:

- When it is to be used for school safety;
- When it relates to classroom instruction or a cocurricular or extracurricular activity;
- When it relates to media coverage of the school; or
- When it relates to the promotion of student safety as provided by law for a student receiving special education services in certain settings.

The district will seek parental consent through a written request before making any other video or voice recording of your child not otherwise allowed by law.

[See **Video Cameras** on page 76 for more information, including a parent’s right to request video and audio equipment be placed in certain special education settings.]

### **Prohibiting the Use of Corporal Punishment**

Corporal punishment—spanking or paddling the student—may be used as a discipline management technique in accordance with the Student Code of Conduct and policy FO(LOCAL) in the district’s policy manual.

If you do not want corporal punishment to be administered to your child as a method of student discipline, please return the form included in the forms packet OR submit a written statement to the campus principal stating this decision. A signed statement must be provided each year if you do not want corporal punishment to be administered to your child.

You may choose to revoke this prohibition at any time during the year by providing a signed statement to the campus principal. However, district personnel may choose to use discipline methods other than corporal punishment even if the parent requests that this method be used on the student.

Please note that if the district is made aware that a student is in temporary or permanent conservatorship (custody) of the state, through foster care, kinship care, or other arrangements, corporal punishment will not be administered, even when a signed statement prohibiting its use has not been submitted by the student’s caregiver or caseworker.

### **Limiting Electronic Communications with Students by District Employees**

Teachers and other approved employees are permitted by the district to communicate with students through the use of electronic media within the scope of the individual’s professional responsibilities. For example, a teacher may set up a social networking page for his or her class that has information related to class work, homework, and tests. As a parent, you are welcome to join or become a member of such a page.

An employee described above may also contact a student individually through electronic media to communicate about items such as homework or upcoming tests.

If you prefer that your child not receive any one-to-one electronic communications from a district employee or if you have questions related to the use of electronic media by district employees, please contact the campus principal.

### **Objecting to the Release of Directory Information**

The Family Educational Rights and Privacy Act, or FERPA, permits the district to disclose appropriately designated “directory information” from a child’s education records without written consent. “Directory information” is information that is generally not considered harmful or an invasion of privacy if released. Examples include a student’s photograph for publication in the school yearbook; a student’s name and grade level for purposes of communicating class and teacher assignment; the name, weight, and height of an athlete for publication in a school athletic program; a list of student birthdays for generating schoolwide or classroom recognition; a student’s name and photograph posted on a district-approved and -managed social media platform; and the names and grade levels of students submitted by the district to a local newspaper or other community publication to recognize the A/B honor roll for a specific grading

period. Directory information will be released to anyone who follows procedures for requesting it.

However, a parent or eligible student may object to the release of a student's directory information. This objection must be made in writing to the principal within ten school days of your child's first day of instruction for this school year. [See the "Notice Regarding Directory Information and Parent's Response Regarding Release of Student Information" included in the forms packet.]

As allowed by state law, the district has identified two directory information lists—one for school-sponsored purposes and the second for all other requests. For all district publications and announcements, the district has designated the following as directory information: **directory information shall include student name, address, telephone listing, photograph, honors and awards received, dates of attendance, grade level, enrollment status, participation in officially recognized activities and sports, and weight and height of members of athletic teams.** If you do not object to the use of your child's information for these limited school-sponsored purposes, the school will not need to ask your permission each time the district wishes to use the information for the school-sponsored purposes listed above.

For all other purposes, the district has identified the following as directory information: **directory information shall include student name, photograph, honors and awards received, dates of attendance, and enrollment status.** If you do not object to the use of your child's information for these purposes, the school must release this information when the school receives a request from an outside entity or individual.

Also review the information at **Authorized Inspection and Use of Student Records** on page 9.

### **Objecting to the Release of Student Information to Military Recruiters and Institutions of Higher Education (Secondary Grade Levels Only)**

The district is required by federal law to comply with a request by a military recruiter or an institution of higher education for students' names, addresses, and telephone listings, unless parents have advised the district not to release their child's information without prior written consent. A form included in the forms packet is available if you do not want the district to provide this information to military recruiters or institutions of higher education.

### **Participation in Third-Party Surveys**

#### ***Consent Required Before Student Participation in a Federally Funded Survey, Analysis, or Evaluation***

Your child will not be required to participate without parental consent in any survey, analysis, or evaluation—funded in whole or in part by the U.S. Department of Education—that concerns:

- Political affiliations or beliefs of the student or the student's parent.
- Mental or psychological problems of the student or the student's family.
- Sexual behavior or attitudes.
- Illegal, antisocial, self-incriminating, or demeaning behavior.
- Critical appraisals of individuals with whom the student has a close family relationship.

- Relationships privileged under law, such as relationships with lawyers, physicians, and ministers.
- Religious practices, affiliations, or beliefs of the student or parents.
- Income, except when the information is required by law and will be used to determine the student's eligibility to participate in a special program or to receive financial assistance under such a program.

You will be able to inspect the survey or other instrument and any instructional materials used in connection with such a survey, analysis, or evaluation. [For further information, see policy EF(LEGAL).]

***“Opting Out” of Participation in Other Types of Surveys or Screenings and the Disclosure of Personal Information***

As a parent, you have a right to receive notice of and deny permission for your child's participation in:

- Any survey concerning the private information listed above, regardless of funding.
- School activities involving the collection, disclosure, or use of personal information gathered from your child for the purpose of marketing, selling, or otherwise disclosing that information. Note that this does not apply to the collection, disclosure, or use of personal information collected from students for the exclusive purpose of developing, evaluating, or providing educational products or services for, or to, students or educational institutions.
- Any nonemergency, invasive physical examination or screening required as a condition of attendance, administered and scheduled by the school in advance and not necessary to protect the immediate health and safety of the student. Exceptions are hearing, vision, or scoliosis screenings, or any physical exam or screening permitted or required under state law. [See policies EF and FFAA.]

As a parent, you may inspect a survey created by a third party before the survey is administered or distributed to your child.

**REMOVING A STUDENT FROM INSTRUCTION OR EXCUSING A STUDENT FROM A REQUIRED COMPONENT OF INSTRUCTION**

**Human Sexuality Instruction**

As a part of the district's curriculum, students receive instruction related to human sexuality. The School Health Advisory Council (SHAC) is involved with the selection of course materials for such instruction.

State law requires that any instruction related to human sexuality, sexually transmitted diseases, or human immunodeficiency virus (HIV) or acquired immune deficiency syndrome (AIDS) must:

- Present abstinence from sexual activity as the preferred choice of behavior in relationship to all sexual activity for unmarried persons of school age;

- Devote more attention to abstinence from sexual activity than to any other behavior;
- Emphasize that abstinence is the only method that is 100 percent effective in preventing pregnancy, sexually transmitted diseases, and the emotional trauma associated with adolescent sexual activity;
- Direct adolescents to a standard of behavior in which abstinence from sexual activity before marriage is the most effective way to prevent pregnancy and sexually transmitted diseases; and
- If included in the content of the curriculum, teach contraception and condom use in terms of human use reality rates instead of theoretical laboratory rates.

In accordance with state law, below is a summary of the district’s curriculum regarding human sexuality instruction:

Human sexuality instruction will be conducted in 9<sup>th</sup> grade level Health class. Human sexuality instruction will include information on dating and setting limits, abstinence: a responsible decision, the endocrine system, the male and female reproductive systems, sexually transmitted infections and HIV/AIDS, and prenatal development and birth. Bellevue ISD uses Glencoe Health: Texas Health textbook to guide instruction.

As a parent, you are entitled to review the curriculum materials. In addition, you may remove your child from any part of the human sexuality instruction with no academic, disciplinary, or other penalties. You may also choose to become more involved with the development of curriculum used for this purpose by becoming a member of the district’s SHAC. Please see the campus principal for additional information.

### **Reciting a Portion of the Declaration of Independence in Grades 3–12**

You may request that your child be excused from recitation of a portion of the Declaration of Independence. State law requires students in social studies classes in grades 3–12 to recite a portion of the text of the Declaration of Independence during Celebrate Freedom Week unless (1) you provide a written statement requesting that your child be excused, (2) the district determines that your child has a conscientious objection to the recitation, or (3) you are a representative of a foreign government to whom the U.S. government extends diplomatic immunity. [See policy EHBK(LEGAL).]

### **Reciting the Pledges to the U.S. and Texas Flags**

As a parent, you may request that your child be excused from participation in the daily recitation of the Pledge of Allegiance to the U.S. flag and the Pledge of Allegiance to the Texas flag. The request must be in writing. State law does not allow your child to be excused from participation in the required minute of silence or silent activity that follows. [See **Pledges of Allegiance and a Minute of Silence** on page 62 and policy EC(LEGAL).]

### **Religious or Moral Beliefs**

You may remove your child temporarily from the classroom if an instructional activity in which your child is scheduled to participate conflicts with your religious or moral beliefs. The removal cannot be for the purpose of avoiding a test and may not extend for an entire semester. Further,

your child must satisfy grade-level and graduation requirements as determined by the school and by state law.

### **Tutoring or Test Preparation**

Based on informal observations, evaluative data such as grades earned on assignments or tests, or results from diagnostic assessments, a teacher may determine that a student is in need of additional targeted assistance in order for the student to achieve mastery in state-developed essential knowledge and skills. The school will always attempt to provide tutoring and strategies for test-taking in ways that prevent removal from other instruction as much as possible. In accordance with state law and policy EC, the school will not remove a student from a regularly scheduled class for remedial tutoring or test preparation for more than ten percent of the school days on which the class is offered, unless the student's parent consents to this removal.

The school may also offer tutorial services, which students whose grades are below 70 will be required to attend.

[Also refer to policies EC and EHBC, and contact your student's teacher with questions about any tutoring programs provided by the school.]

## **RIGHT OF ACCESS TO STUDENT RECORDS, CURRICULUM MATERIALS, AND DISTRICT RECORDS/POLICIES**

### **Instructional Materials**

As a parent, you have a right to review teaching materials, textbooks, and other teaching aids and instructional materials used in the curriculum, and to examine tests that have been administered to your child.

You are also entitled to request that the school allow your child to take home any instructional materials used by the student. If the school determines that sufficient availability exists to grant the request, the student must return the materials at the beginning of the next school day if requested to do so by the child's teacher.

### **Notices of Certain Student Misconduct to Noncustodial Parent**

A noncustodial parent may request in writing that he or she be provided, for the remainder of the school year, a copy of any written notice usually provided to a parent related to his or her child's misconduct that may involve placement in a disciplinary alternative education program (DAEP) or expulsion. [See policy FO(LEGAL) and the Student Code of Conduct.]

### **Participation in Federally Required, State-Mandated, and District Assessments**

You may request information regarding any state or district policy related to your child's participation in assessments required by federal law, state law, or the district.

### **Student Records**

#### ***Accessing Student Records***

You may review your child's student records. These records include:

- Attendance records,
- Test scores,
- Grades,
- Disciplinary records,
- Counseling records,
- Psychological records,
- Applications for admission,
- Health and immunization information,
- Other medical records,
- Teacher and school counselor evaluations,
- Reports of behavioral patterns,
- State assessment instruments that have been administered to your child, and
- Teaching materials and tests used in your child’s classroom.

***Authorized Inspection and Use of Student Records***

A federal law, known as the Family Educational Rights and Privacy Act, or FERPA, affords parents and eligible students certain rights with respect to student education records. For purposes of student records, an “eligible” student is one who is age 18 or older or who is attending an institution of postsecondary education. These rights, as discussed in this section as well as at **Objecting to the Release of Directory Information** on page 4, are:

- The right to inspect and review student records within 45 days after the day the school receives a request for access.
- The right to request an amendment to a student record the parent or eligible student believes is inaccurate, misleading, or otherwise in violation of FERPA.
- The right to provide written consent before the school discloses personally identifiable information from the student’s records, except to the extent that FERPA authorizes disclosure without consent.
- The right to file a complaint with the U.S. Department of Education concerning failures by the school to comply with FERPA requirements. The name and address of the office that administers FERPA are:

Family Policy Compliance Office  
 U.S. Department of Education  
 400 Maryland Avenue, SW  
 Washington, DC 20202-5901

Both FERPA and state laws safeguard student records from unauthorized inspection or use and provide parents and eligible students certain rights of privacy. Before disclosing any personally

identifiable information from a student's records, the district must verify the identity of the person, including a parent or the student, requesting the information.

Virtually all information pertaining to student performance, including grades, test results, and disciplinary records, is considered confidential educational records.

Inspection and release of student records is primarily restricted to an eligible student or a student's parents—whether married, separated, or divorced—unless the school is given a copy of a court order terminating parental rights or the right to access a student's education records.

Federal law requires that, as soon as a student reaches the age of 18, is emancipated by a court, or enrolls in a postsecondary institution, control of the records goes to the student. The parents may continue to have access to the records, however, if the student is a dependent for tax purposes and under limited circumstances when there is a threat to the health and safety of the student or other individuals.

FERPA permits the disclosure of personally identifiable information from a student's education records, without written consent of the parent or eligible student, in the following circumstances:

- When district school officials have what federal law refers to as a “legitimate educational interest” in a student's records. School officials would include board members and employees, such as the superintendent, administrators, and principals; teachers, school counselors, diagnosticians, and support staff (including district health or district medical staff); a person or company with whom the district has contracted or allowed to provide a particular institutional service or function (such as an attorney, consultant, third-party vendor that offers online programs or software, auditor, medical consultant, therapist, school resource officer, or volunteer); a parent or student serving on a school committee; or a parent or student assisting a school official in the performance of his or her duties. “Legitimate educational interest” in a student's records includes working with the student; considering disciplinary or academic actions, the student's case, or an individualized education program for a student with disabilities; compiling statistical data; reviewing an educational record to fulfill the official's professional responsibility to the school and the student; or investigating or evaluating programs.
- To authorized representatives of various governmental agencies, including juvenile service providers, the U.S. Comptroller General's office, the U.S. Attorney General's office, the U.S. Secretary of Education, TEA, the U.S. Secretary of Agriculture's office, and Child Protective Services (CPS) caseworkers or other child welfare representatives, in certain cases.
- To individuals or entities granted access in response to a subpoena or court order.
- To another school, school district/system, or institution of postsecondary education to which a student seeks or intends to enroll or in which he or she is already enrolled.
- In connection with financial aid for which a student has applied or which the student has received.
- To accrediting organizations to carry out accrediting functions.

- To organizations conducting studies for, or on behalf of, the school, in order to develop, validate, or administer predictive tests; administer student aid programs; or improve instruction.
- To appropriate officials in connection with a health or safety emergency.
- When the district discloses information it has designated as directory information [see **Objecting to the Release of Directory Information** on page 4 for opportunities to prohibit this disclosure].

Release of personally identifiable information to any other person or agency—such as a prospective employer or for a scholarship application—will occur only with parental or student permission as appropriate.

The superintendent is custodian of all records for currently enrolled students at the assigned school. The superintendent is the custodian of all records for students who have withdrawn or graduated.

A parent or eligible student who wishes to inspect the student’s records should submit a written request to the records custodian identifying the records he or she wishes to inspect. Records may be inspected by a parent or eligible student during regular school hours. The records custodian or designee will respond to reasonable requests for explanation and interpretation of the records.

A parent or eligible student who provides a written request and pays copying costs of ten cents per page may obtain copies. If circumstances prevent inspection during regular school hours and the student qualifies for free or reduced-price meals, the district will either provide a copy of the records requested or make other arrangements for the parent or student to review these records. The address of the superintendent’s office is 500 7<sup>th</sup> Street Bellevue, Texas 76228.

The address(es) of the principals’ offices are: 500 7<sup>th</sup> Street Bellevue, Texas 76228.

A parent (or eligible student) may inspect the student’s records and request a correction or amendment if the records are considered inaccurate, misleading, or otherwise in violation of the student’s privacy rights. A request to correct a student’s record should be submitted to the appropriate records custodian. The request must clearly identify the part of the record that should be corrected and include an explanation of how the information in the record is inaccurate. If the district denies the request to amend the records, the parent or eligible student has the right to request a hearing. If the records are not amended as a result of the hearing, the parent or eligible student has 30 school days to exercise the right to place a statement commenting on the information in the student’s record.

Although improperly recorded grades may be challenged, contesting a student’s grade in a course or on an examination is handled through the general complaint process found in policy FNG(LOCAL). A grade issued by a classroom teacher can be changed only if, as determined by the board of trustees, the grade is arbitrary, erroneous, or inconsistent with the district’s grading policy. [See FINALITY OF GRADES at FNG(LEGAL), **Report Cards/Progress Reports and Conferences** on page 65, and **Complaints and Concerns** on page 26 for an overview of the process.]

The district’s policy regarding student records found at policy FL is available from the principal’s or superintendent’s office or on the district’s website at [www.bellevueisd.org](http://www.bellevueisd.org).

The parent's or eligible student's right of access to and copies of student records do not extend to all records. Materials that are not considered educational records—such as a teacher's personal notes about a student that are shared only with a substitute teacher—do not have to be made available to the parents or student.

### **Teacher and Staff Professional Qualifications**

You may request information regarding the professional qualifications of your child's teachers, including whether a teacher has met state qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction; whether the teacher has an emergency permit or other provisional status for which state requirements have been waived; and whether the teacher is currently teaching in the field of discipline of his or her certification. You also have the right to request information about the qualifications of any paraprofessional who may provide services to your child.

## **STUDENTS WITH EXCEPTIONALITIES OR SPECIAL CIRCUMSTANCES**

### **Children of Military Families**

Children of military families will be provided flexibility regarding certain district requirements, including:

- Immunization requirements.
- Grade level, course, or educational program placement.
- Eligibility requirements for participation in extracurricular activities.
- Graduation requirements.

In addition, absences related to a student visiting with his or her parent, including a stepparent or legal guardian, who has been called to active duty for, is on leave from, or is returning from a deployment of at least four months will be excused by the district. The district will permit no more than five excused absences per year for this purpose. For the absence to be excused, the absence must occur no earlier than the 60th day before deployment or no later than the 30th day after the parent's return from deployment.

Additional information may be found at <http://tea.texas.gov/index2.aspx?id=7995>.

### **Parental Role in Certain Classroom and School Assignments**

#### ***Multiple Birth Siblings***

As a parent, if your children are multiple birth siblings (e.g., twins, triplets, etc.) assigned to the same grade and campus, you may request that they be placed either in the same classroom or in separate classrooms. Your written request must be submitted no later than the 14th day after the enrollment of your children. [See policy FDB(LEGAL).]

#### ***Safety Transfers/Assignments***

As a parent, you may:

- Request the transfer of your child to another classroom or campus if your child has been determined by the district to have been a victim of bullying as the term is defined by Education Code 37.0832. Transportation is not provided for a transfer to another campus. See the principal for information.
- Consult with district administrators if your child has been determined by the district to have engaged in bullying and the board decides to transfer your child to another classroom or campus. Transportation is not provided for a transfer to another campus. [See **Bullying** on page 21, policy FDB, and policy FFI.]
- Request the transfer of your child to attend a safe public school in the district if your child attends school at a campus identified by TEA as persistently dangerous or if your child has been a victim of a violent criminal offense while at school or on school grounds. [See policy FDE.]
- Request the transfer of your child to a neighboring district if your child has been the victim of a sexual assault by another student assigned to the same campus, whether the assault occurred on or off campus, and that student has been convicted of or placed on deferred adjudication for that assault. If the victim does not wish to transfer, the district will transfer the assailant in accordance with policy FDE.

### **Service/Assistance Animal Use by Students**

A parent of a student who uses a service/assistance animal because of the student's disability must submit a request in writing to the principal at least ten district business days before bringing the service/assistance animal on campus.

### **Students in the Conservatorship of the State (Foster Care)**

A student who is currently in the conservatorship (custody) of the state and who enrolls in the district after the beginning of the school year will be allowed credit-by-examination opportunities outside the district's established testing windows, and the district will grant proportionate course credit by semester (partial credit) when a student only passes one semester of a two-semester course.

A student who is currently in the conservatorship of the state and who is moved outside of the district's or school's attendance boundaries, or who is initially placed in the conservatorship of the state and who is moved outside the district's or school's boundaries, is entitled to continue in enrollment at the school he or she was attending prior to the placement or move until the student reaches the highest grade level at the particular school. In addition, if a student in grade 11 or 12 transfers to another district but does not meet the graduation requirements of the receiving district, the student can request to receive a diploma from the previous district if he or she meets the criteria to graduate from the previous district.

[See also **Credit by Examination For Advancement/Acceleration** on page 29, **Course Credit** on page 29, and **Students in Foster Care** on page 73 for more information.]

### **Students Who Are Homeless**

Children who are homeless will be provided flexibility regarding certain district provisions, including:

- Proof of residency requirements;
- Immunization requirements;
- Educational program placement, if the student is unable to provide previous academic records, or misses an application deadline during a period of homelessness;
- Credit-by-examination opportunities;
- The award of partial credit (awarding credit proportionately when a student passes only one semester of a two-semester course);
- Eligibility requirements for participation in extracurricular activities; and
- Graduation requirements.

If a student in grade 11 or 12 is homeless and transfers to another school district but does not meet the graduation requirements of the receiving district, the student can request to receive a diploma from the previous district if he or she meets the criteria to graduate from the previous district.

Federal law also allows a homeless student to remain enrolled in what is called the “school of origin” or to enroll in a new school in the attendance area where the student is currently residing.

[See also **Credit by Examination for Advancement/Acceleration** on page 29, **Course Credit** on page 29, and **Homeless Students** on page 54 for more information.]

### **Students Who Have Learning Difficulties or Who Need Special Education Services**

If a child is experiencing learning difficulties, the parent may contact the person listed below to learn about the district’s overall general education referral or screening system for support services. This system links students to a variety of support options, including referral for a special education evaluation. Students having difficulty in the regular classroom should be considered for tutorial, compensatory, and other academic or behavior support services that are available to all students including a process based on Response to Intervention (RtI). The implementation of RtI has the potential to have a positive impact on the ability of districts to meet the needs of all struggling students.

At any time, a parent is entitled to request an evaluation for special education services. Within a reasonable amount of time, the district must decide if the evaluation is needed. If the evaluation is needed, the parent will be notified and asked to provide informed written consent for the evaluation. The district must complete the evaluation and the report within the timeline prescribed by law once the district receives written consent. The district must give a copy of the evaluation report to the parent.

If the district determines that the evaluation is not needed, the district will provide the parent with prior written notice that explains why the child will not be evaluated. This written notice will include a statement that informs the parents of their rights, if they disagree with the district. The district is required to give parents the *Notice of Procedural Safeguards—Rights of Parents of Students with Disabilities*. Additional information regarding the Individuals with Disabilities Education Act (IDEA) is available from the school district in a companion document, *A Guide to*

*the Admission, Review, and Dismissal Process*. Both documents may also be found at <http://framework.esc18.net/display/Webforms/LandingPage.aspx>.

The following websites provide information to those who are seeking information and resources specific to students with disabilities and their families:

- Texas Project First, at <http://www.texasprojectfirst.org>
- Partners Resource Network, at <http://www.partnerstx.org>

The designated person to contact regarding options for a child experiencing learning difficulties or a referral for evaluation for special education services is Michael Qualls at 940-928-2104.

### **Students Who Receive Special Education Services with Other School-Aged Children in the Home**

If a student is receiving special education services at a campus outside his or her attendance zone, the parent or guardian may request that any other student residing in the household be transferred to the same campus, if the appropriate grade level for the transferring student is offered on that campus. However, the district is not required to provide transportation to the other children in the household. The parent or guardian should speak with the principal of the school regarding transportation needs prior to requesting a transfer for any other children in the home. [See policy FDB(LOCAL).]

### **Students Who Speak a Primary Language Other than English**

A student may be eligible to receive specialized support if his or her primary language is not English, and the student has difficulty performing ordinary class work in English. If the student qualifies for these extra services, the Language Proficiency Assessment Committee (LPAC) will determine the types of services the student needs, including accommodations or modifications related to classroom instruction, local assessments, and state-mandated assessments.

### **Students with Physical or Mental Impairments Protected Under Section 504**

A child determined to have a physical or mental impairment that substantially limits a major life activity, as defined by law, and who does not otherwise qualify for special education services, may qualify for protections under Section 504 of the Rehabilitation Act. Section 504 is a federal law designed to prohibit discrimination against individuals with disabilities. When an evaluation is requested, a committee will be formed to determine if the child is in need of services and supports under Section 504 to receive a free appropriate public education (FAPE), as this is defined in federal law.

The designated person to contact regarding a referral for evaluation applicable to Section 504 is John Chandler at 940-928-2104.

[Also see policy FB.]

## **SECTION II: OTHER IMPORTANT INFORMATION FOR STUDENTS AND PARENTS**

Topics in this section of the Student Handbook contain important information on academics, school activities, and school operations and requirements. Take a moment with your child to become familiar with the various issues addressed in this section. It is organized in alphabetical order to serve as a quick-reference when you or your child has a question about a specific school-related issue. Where possible, the topics are also organized to alert you to the applicability of each topic based on a student's age or grade level. Should you be unable to find the information on a particular topic, please contact Michael Qualls at 940-928-2104.

### **ABSENCES/ATTENDANCE**

Regular school attendance is essential for a student to make the most of his or her education—to benefit from teacher-led and school activities, to build each day's learning on the previous day's, and to grow as an individual. Absences from class may result in serious disruption of a student's mastery of the instructional materials; therefore, the student and parent should make every effort to avoid unnecessary absences. Two state laws—one dealing with the required presence of school-aged children in school, e.g., compulsory attendance, the other with how a child's attendance affects the award of a student's final grade or course credit—are of special interest to students and parents. They are discussed below.

#### **Compulsory Attendance**

##### ***Age 19 and Older***

A student who voluntarily attends or enrolls after his or her 19th birthday is required to attend each school day until the end of the school year. If a student age 19 or older has more than five unexcused absences in a semester, the district may revoke the student's enrollment. The student's presence on school property thereafter would be unauthorized and may be considered trespassing. [See policy FEA.]

##### ***Between Ages 6 and 19***

State law requires that a student between the ages of 6 and 19 attend school, as well as any applicable accelerated instruction program, extended year program, or tutorial session, unless the student is otherwise excused from attendance or legally exempt.

State law requires attendance in an accelerated reading instruction program when kindergarten, first grade, or second grade students are assigned to such a program. Parents will be notified in writing if their child is assigned to an accelerated reading instruction program as a result of a diagnostic reading instrument.

A student will be required to attend any assigned accelerated instruction program, which may occur before or after school or during the summer, if the student does not meet the passing standards on the state assessment for his or her grade level and/or applicable subject area.

##### ***Kindergarten***

Students enrolled in kindergarten are required to attend school and are subject to the compulsory attendance requirements as long as they remain enrolled.

## **Exemptions to Compulsory Attendance**

### ***All Grade Levels***

State law allows exemptions to the compulsory attendance requirements for several types of absences if the student makes up all work. These include the following activities and events:

- Religious holy days;
- Required court appearances;
- Activities related to obtaining U.S. citizenship;
- Documented health-care appointments for the student or a child of the student, including absences for recognized services for students diagnosed with autism spectrum disorders, if the student comes to school or returns to school on the same day as the appointment. A note from the health-care provider must be submitted upon the student's arrival or return to campus; and
- For students in the conservatorship (custody) of the state,
  - An activity required under a court-ordered service plan; or
  - Any other court-ordered activity, provided it is not practicable to schedule the student's participation in the activity outside of school hours.

As listed in Section I at **Children of Military Families**, absences of up to five days will be excused for a student to visit with a parent, stepparent, or legal guardian who has been called to duty for, is on leave from, or immediately returned from certain deployments. Please see page 12 for that section.

### ***Secondary Grade Levels***

In addition, a junior or senior student's absence of up to two days related to visiting a college or university will be considered an exemption, provided this has been authorized by the board under policy FEA(LOCAL), the student receives approval from the campus principal, follows the campus procedures to verify such a visit, and makes up any work missed.

Absences of up to two days in a school year will also be considered an exemption for:

- A student serving as an early voting clerk, provided the district's board has authorized this in policy FEA(LOCAL), the student notifies his or her teachers, and the student receives approval from the principal prior to the absences; and
- A student serving as an election clerk, if the student makes up any work missed.

An absence of a student in grades 6–12 for the purpose of sounding "Taps" at a military honors funeral for a deceased veteran will also be excused by the district.

## **Failure to Comply with Compulsory Attendance**

### ***All Grade Levels***

School employees must investigate and report violations of the state compulsory attendance law. A student absent without permission from school; from any class; from required special

programs, such as additional special instruction, termed “accelerated instruction” by the state; or from required tutorials will be considered in violation of the compulsory attendance law and subject to disciplinary action.

### ***Age 19 and Older***

After a student age 19 or older incurs a third unexcused absence, the district will send the student a letter as required by law explaining that the district may revoke the student’s enrollment for the remainder of the school year if the student has more than five unexcused absences in a semester. As an alternative to revoking a student’s enrollment, the district may implement a behavior improvement plan.

### ***Between Ages 6 and 19***

When a student between ages 6 and 19 incurs unexcused absences for three or more days or parts of days within a four-week period, the school will send a notice to the student’s parent, as required by law, to remind the parent that it is the parent’s duty to monitor his or her child’s attendance and to require the student to come to school. The notice will also inform the parent that the district will initiate truancy prevention measures and request a conference between school administrators and the parent. These measures will include a behavior improvement plan, school-based community service, or referrals to either in-school or out-of-school counseling or other social services. Any other measures considered appropriate by the district will also be initiated.

The truancy prevention facilitator for the district is Michael Qualls. If you have questions about your student and the effect of his or her absences from school, please contact the facilitator or any other campus administrator.

A court of law may also impose penalties against a student’s parent if a school-aged student is deliberately not attending school. A complaint against the parent may be filed in court if the student is absent without excuse from school on ten or more days or parts of days within a six-month period in the same school year.

If a student ages 12–18 incurs unexcused absences on ten or more days or parts of days within a six-month period in the same school year, the district, in most circumstances, will refer the student to truancy court.

[See policy FEA(LEGAL).]

### **Attendance for Credit or Final Grade (Kindergarten–Grade 12)**

To receive credit or a final grade in a class, a student in kindergarten–grade 12 must attend at least 90 percent of the days the class is offered. A student who attends at least 75 percent but fewer than 90 percent of the days the class is offered may receive credit or a final grade for the class if he or she completes a plan, approved by the principal, that allows the student to fulfill the instructional requirements for the class. If a student is involved in a criminal or juvenile court proceeding, the approval of the judge presiding over the case will also be required before the student receives credit or a final grade for the class.

If a student attends less than 75 percent of the days a class is offered or has not completed the plan approved by the principal, then the student will be referred to the attendance review

committee to determine whether there are extenuating circumstances for the absences and how the student can regain credit or a final grade lost because of absences. [See policy FEC.]

All absences, whether excused or unexcused, must be considered in determining whether a student has attended the required percentage of days. In determining whether there were extenuating circumstances for the absences, the attendance committee will use the following guidelines:

- If makeup work is completed, absences for the reasons listed above at **Exemptions to Compulsory Attendance** will be considered extenuating circumstances for purposes of attendance for credit or the award of a final grade.
- A transfer or migrant student begins to accumulate absences only after he or she has enrolled in the district.
- In reaching a decision about a student's absences, the committee will attempt to ensure that it is in the best interest of the student.
- The committee will review absences incurred based on the student's participation in board-approved extracurricular activities. These absences will be considered by the attendance committee as extenuating circumstances in accordance with the absences allowed under FM(LOCAL) if the student made up the work missed in each class.
- The committee will consider the acceptability and authenticity of documented reasons for the student's absences.
- The committee will consider whether the absences were for reasons over which the student or the student's parent could exercise any control.
- The committee will consider the extent to which the student has completed all assignments, mastered the essential knowledge and skills, and maintained passing grades in the course or subject.
- The student or parent will be given an opportunity to present any information to the committee about the absences and to talk about ways to earn or regain credit or a final grade.

The student or parent may appeal the committee's decision to the board by following policy FNG(LOCAL).

The actual number of days a student must be in attendance in order to receive credit or a final grade will depend on whether the class is for a full semester or for a full year.

### **Official Attendance-Taking Time (All Grade Levels)**

The district must submit attendance of its students to the TEA reflecting attendance at a specific time each day.

Official attendance is taken every day during the second instructional hour as required by state rule.

A student absent for any portion of the day, including at the official attendance-taking time, should follow the procedures below to provide documentation of the absence.

### **Documentation After an Absence (All Grade Levels)**

When a student is absent from school, the student—upon arrival or return to school—must bring a note signed by the parent, within two school days, that describes the reason for the absence. A note signed by the student, even with the parent’s permission, will not be accepted unless the student is age 18 or older or is an emancipated minor under state law. A phone call from the parent may be accepted, but the district reserves the right to require a written note.

The campus will document in its attendance records for the student whether the absence is considered by the district to be excused or unexcused. Please note that, unless the absence is for a statutorily allowed reason under compulsory attendance laws, the district is not required to excuse any absence, even if the parent provides a note explaining the absence.

### **Doctor’s Note After an Absence for Illness (All Grade Levels)**

Within two days of returning to school, a student absent for more than five consecutive days because of a personal illness must bring a statement from a doctor or health clinic verifying the illness or condition that caused the student’s extended absence from school. Otherwise, the student’s absence may be considered unexcused and, if so, would be considered to be in violation of compulsory attendance laws.

Should the student develop a questionable pattern of absences, the principal or attendance committee may require a statement from a doctor or health clinic verifying the illness or condition that caused the student’s absence from school in order to determine whether the absence or absences will be excused or unexcused.

[See policy FEC(LOCAL).]

### **Driver License Attendance Verification (Secondary Grade Levels Only)**

For a student between the ages of 16 and 18 to obtain a driver license, written parental permission must be provided for the Texas Department of Public Safety (DPS) to access the student’s attendance records and, in certain circumstances, for a school administrator to provide the student’s attendance information to DPS. A verification of enrollment (VOE) form may be obtained from the office, which the student will need to submit to DPS upon application for a driver license.

### **ACCOUNTABILITY UNDER STATE AND FEDERAL LAW (All Grade Levels)**

Bellevue ISD and each of its campuses are held to certain standards of accountability under state and federal law. A key component of the accountability requirements is the dissemination and publication of certain reports and information, which include:

- The Texas Academic Performance Report (TAPR) for the district, compiled by TEA, the state agency that oversees public education, based on academic factors and ratings;
- A School Report Card (SRC) for each campus in the district compiled by TEA based on academic factors and ratings;
- The district’s financial management report, which will include the financial accountability rating assigned to the district by TEA;

- The performance ratings of the district’s evaluation of community and student engagement using the indicators required by law; and
- Information compiled by TEA for the submission of a federal report card that is required by federal law.

Information about all of these can be found on the district’s website at [www.bellevueisd.org](http://www.bellevueisd.org). Hard copies of any reports are available upon request to the district’s administration office.

TEA also maintains additional accountability and accreditation information at <http://www.texaschoolaccountabilitydashboard.org> and <http://www.tea.texas.gov>.

### **AWARDS AND HONORS (All Grade Levels)**

SIX WEEKS HONOR ROLL – All students with no grade below an 80 will be included. Students making no grade below 90 will receive special recognition.

PERFECT ATTENDANCE AWARD – Any student who is neither absent nor tardy in any class during the school year will receive a certificate. This means that all students – grades K-12 must be in attendance 100% of the time unless they are attending a school-sponsored activity away from the campus.

UIL AWARDS – All athletic awards are made in conformity with Interscholastic League rules and regulations and must be recommended by the coach. A student may receive one jacket during his/her high school years. Any student, who has participated for four years in any sport and is in good standing, shall be entitled to receive a jacket. Only lettermen will receive awards. In basketball, a student must play in at least one third of the total number of quarters of the varsity games to letter. In cross country, track, tennis, and golf, a student may letter by advancing to Regional competition. (The student must have competed against an opposing player at the district level before advancing to regionals.) A jacket may be awarded in other UIL events if the student advances to the regional UIL Regional competition. Other UIL participants may be awarded a letter if they advance to the regional meet by actually competing against students from other schools at the district meets.

ACADEMIC AWARDS – Any student may receive an award at the end of the year awards assembly for any academic class that the student is enrolled in during the school year.

### **BULLYING (All Grade Levels)**

Bullying occurs when a student or group of students engages in written or verbal expression, expression through electronic methods, or physical conduct against another student on school property, at a school-sponsored or -related activity, or in a district operated vehicle, and the behavior:

- Results in harm to the student or the student’s property;
- Places a student in reasonable fear of physical harm or of damage to the student’s property; or
- Is so severe, persistent, and pervasive that it creates an intimidating, threatening, or abusive educational environment.

This conduct is considered bullying if it exploits an imbalance of power between the student perpetrator(s) and the student victim and if it interferes with a student's education or substantially disrupts the operation of the school.

Bullying is prohibited by the district and could include hazing, threats, taunting, teasing, confinement, assault, demands for money, destruction of property, theft of valued possessions, name-calling, rumor-spreading, or ostracism. In some cases, bullying can occur through electronic methods, called "cyberbullying."

If a student believes that he or she has experienced bullying or has witnessed bullying of another student, it is important for the student or parent to notify a teacher, school counselor, principal, or another district employee as soon as possible to obtain assistance and intervention. The administration will investigate any allegations of bullying or other related misconduct.

If the results of an investigation indicate that bullying has occurred, the administration will take appropriate disciplinary action. Disciplinary or other action may be taken even if the conduct did not rise to the level of bullying. The district will also contact the parents of the victim and of the student who was found to have engaged in the bullying. Available counseling options will be provided to these individuals, as well as to any students who have been identified as witnesses to the bullying.

Any retaliation against a student who reports an incident of bullying is prohibited.

Upon the recommendation of the administration, the board may, in response to an identified case of bullying, decide to transfer a student found to have engaged in bullying to another classroom at the campus. In consultation with the student's parent, the student may also be transferred to another campus in the district. The parent of a student who has been determined by the district to be a victim of bullying may request that his or her child be transferred to another classroom or campus within the district. [Also see **Safety Transfers/Assignments** on page 13.]

A copy of the district's policy is available in the principal's office, superintendent's office, and on the district's website, and is included at the end of this handbook in the form of an appendix. Procedures related to reporting allegations of bullying may also be found on the district's website.

A student or parent who is dissatisfied with the outcome of an investigation may appeal through policy FNG(LOCAL).

[Also see **Safety Transfers/Assignments** on page 13, **Dating Violence, Discrimination, Harassment, and Retaliation** on page 30, **Hazing** on page 49, policy FFI, and the district improvement plan, a copy of which can be viewed in the campus office.]

## **CAREER AND TECHNICAL EDUCATION (CTE) PROGRAMS (Secondary Grade Levels Only)**

The district offers career and technical education programs in the following areas: Agricultural Sciences, Technology Education, and Business Education. Admission to these programs is based on interest and aptitude, age appropriateness, and class space available.

These programs will be offered without regard to race, color, national origin, sex, or disability. Bellevue ISD will take steps to ensure that lack of English language skills will not be a barrier to admission and participation in all educational and CTE programs. [Also see **Nondiscrimination**

**Statement** on page 60 for the name and contact information for the Title IX coordinator and Section 504 coordinator, who will address certain allegations of discrimination.]

## **CELEBRATIONS (All Grade Levels)**

Although a parent or grandparent is not prohibited from providing food for a school-designated function or for children in the child's or grandchild's classroom for his or her birthday, please be aware that children in the school may have severe allergies to certain food products. Therefore, it is imperative to discuss this with the child's teacher prior to bringing any food in this circumstance. Occasionally, the school or a class may host certain functions or celebrations tied to the curriculum that will involve food. The school or teacher will notify students and parents of any known food allergies when soliciting potential volunteers for bringing food products.

[Also see **Food Allergies** on page 52.]

## **CHILD SEXUAL ABUSE AND OTHER MALTREATMENT OF CHILDREN (All Grade Levels)**

As a parent, it is important for you to be aware of warning signs that could indicate a child may have been or is being sexually abused. Sexual abuse in the Texas Family Code is defined as any sexual conduct harmful to a child's mental, emotional, or physical welfare as well as a failure to make a reasonable effort to prevent sexual conduct with a child. A person who compels or encourages a child to engage in sexual conduct commits abuse. It is illegal to make or possess child pornography or to display such material to a child. Anyone who suspects that a child has been or may be abused or neglected has a legal responsibility, under state law, for reporting the suspected abuse or neglect to law enforcement or to Child Protective Services (CPS).

Possible physical warning signs of sexual abuse could be difficulty sitting or walking, pain in the genital areas, and claims of stomachaches and headaches. Behavioral indicators may include verbal references or pretend games of sexual activity between adults and children, fear of being alone with adults of a particular gender, or sexually suggestive behavior. Emotional warning signs to be aware of include withdrawal, depression, sleeping and eating disorders, and problems in school.

A child who has experienced sexual abuse or any other type of abuse or neglect should be encouraged to seek out a trusted adult. Be aware as a parent or other trusted adult that disclosures of sexual abuse may be more indirect than disclosures of physical abuse and neglect, and it is important to be calm and comforting if your child, or another child, confides in you. Reassure the child that he or she did the right thing by telling you.

As a parent, if your child is a victim of sexual abuse or other maltreatment, the school counselor or principal will provide information regarding counseling options for you and your child available in your area. The Texas Department of Family and Protective Services (TDFPS) also manages early intervention counseling programs. To find out what services may be available in your county, see [http://www.dfps.state.tx.us/Prevention\\_and\\_Early\\_Intervention/Programs\\_Available\\_In\\_Your\\_County/default.asp](http://www.dfps.state.tx.us/Prevention_and_Early_Intervention/Programs_Available_In_Your_County/default.asp).

### **CLASS RANK/HIGHEST-RANKING STUDENT (Secondary Grade Levels Only)**

The District shall include in the calculation of class rank grades earned in all high school credit courses regardless of when the credit was earned, except the calculation shall exclude grades earned in or by an assigned remediation or tutoring course; a local credit course; a course for which a pass/fail grade is assigned; credit by examination, or with or without prior instruction; and summer school.

In addition, unless approval of the principal is obtained prior to registration or enrollment in distance learning, including any correspondence course and dual credit courses, grades from these courses shall not be included in the calculation of class rank.

The District shall assign weights to grades earned in eligible courses and calculate a weighted numerical grade average, in accordance with the following scale:

<u>Category</u>	<u>Weight</u>
Advanced Placement	plus 10
Advanced Level	plus 10
Regular	plus 0
Below 70 in any course	plus 0

The District shall record unweighted numerical grades on student transcripts.

Advanced Level courses include

- Pre-Calculus
- Spanish III
- Physics
- Anatomy and Physiology

For the purpose of determining honors to be conferred during graduation activities, the District shall calculate class rank using grades available at the time of calculation at the end of the fifth six-week grading period of the senior year. The average of the fourth and fifth six-week grades shall be used as the semester grade for this purpose.

The valedictorian and salutatorian shall be the eligible students with the highest and second highest ranking, respectively. To be eligible for such recognition, a student must have been

continuously enrolled in the District high school for four full semesters immediately preceding graduation.

[For further information, see policy EIC.]

Beginning with students who entered grade 9 in the 2014–15 school year, a new graduation program is in effect. Therefore, class ranking procedures may be adjusted by the district based on the new graduation plan. As these decisions are made, the district will make the information available to the students affected by these changes. [For further information, see policy EIC.]

### **CLASS SCHEDULES (Secondary Grade Levels Only)**

All students are expected to attend school for the entire school day and maintain a class/course schedule to fulfill each period of the day. Exceptions may be made occasionally by the campus principal for students in grades 9–12 who meet specific criteria and receive parental consent to enroll in less than a full-day’s schedule.

[See **Schedule Changes** on page 67 for information related to student requests to revise their course schedule.]

### **COLLEGE AND UNIVERSITY ADMISSIONS (Secondary Grade Levels Only)**

For two school years following his or her graduation, a district student who graduates in the top ten percent and, in some cases, the top 25 percent, of his or her class is eligible for automatic admission into four-year public universities and colleges in Texas if the student:

- Completes the Recommended or Advanced/Distinguished Achievement Program\*; or
- Satisfies the ACT College Readiness Benchmarks or earns at least a 1500 out of 2400 on the SAT.

\*Beginning with ninth graders in the 2014–15 school year, to be eligible for automatic admission to a Texas four-year college or university, a student must be on track to graduate with the distinguished level of achievement under the foundation graduation program. This means that a student must graduate with at least one endorsement and must have taken Algebra II as one of the four required math courses.

In addition, the student must submit a completed application for admission in accordance with the deadline established by the college or university. The student is ultimately responsible for ensuring that he or she meets the admission requirements of the university or college to which the student submits an application.

The University of Texas at Austin may limit the number of students automatically admitted to 75 percent of the University’s enrollment capacity for incoming resident freshmen. For students who are eligible to enroll in the University during the summer or fall 2017 term, the University will be admitting the top seven percent of the high school’s graduating class who meet the above requirements. Additional applicants will be considered by the University through a holistic review process.

Should a college or university adopt an admissions policy that automatically accepts the top 25 percent of a graduating class, the provisions above will also apply to a student ranked in the top 25 percent of his or her class.

Students and parents should contact the school counselor for further information about automatic admissions, the application process, and deadlines.

[See also **Class Rank/Highest-Ranking Student** on page 24 for information specifically related to how the district calculates a student's rank in class, and requirements for **Graduation** on page 42 for information associated with the foundation graduation program].

## **COLLEGE CREDIT COURSES (Secondary Grade Levels Only)**

Students in grades 9–12 have opportunities to earn college credit through the following methods:

- Certain courses taught at the high school campus, which may include courses termed dual credit, Advanced Placement (AP), International Baccalaureate (IB), or college preparatory;
- Enrollment in an AP or dual credit course through the Texas Virtual School Network;
- Enrollment in courses taught in conjunction and in partnership with NCTC, which may be offered on or off campus;
- Enrollment in courses taught at other colleges or universities; and
- Certain CTE courses.

All of these methods have eligibility requirements and must be approved prior to enrollment in the course. Please see the school counselor for more information. Depending on the student's grade level and the course, a state-mandated end-of-course assessment may be required for graduation.

It is important to keep in mind that not all colleges and universities accept credit earned in all dual credit or AP courses taken in high school for college credit. Students and parents should check with the prospective college or university to determine if a particular course will count toward the student's desired degree plan.

## **COMPLAINTS AND CONCERNS (All Grade Levels)**

Usually student or parent complaints or concerns can be addressed informally by a phone call or a conference with the teacher or principal. For those complaints and concerns that cannot be handled so easily, the board has adopted a standard complaint policy at FNG(LOCAL) in the district's policy manual. A copy of this policy may be obtained in the principal's or superintendent's office or on the district's website at [www.bellevueisd.org](http://www.bellevueisd.org).

Should a parent or student feel a need to file a formal complaint, the parent or student should file a district complaint form within the timelines established in policy FNG(LOCAL). In general, the student or parent should submit the written complaint form to the campus principal. If the concern is not resolved, a request for a conference should be sent to the superintendent. If still unresolved, the district provides for the complaint to be presented to the board of trustees.

## **CONDUCT (All Grade Levels)**

### **Applicability of School Rules**

As required by law, the board has adopted a Student Code of Conduct that prohibits certain behaviors and defines standards of acceptable behavior—both on and off campus as well as on district vehicles—and consequences for violation of these standards. The district has disciplinary authority over a student in accordance with the Student Code of Conduct. Students and parents should be familiar with the standards set out in the Student Code of Conduct, as well as campus and classroom rules. During any periods of instruction during the summer months, the Student Handbook and Student Code of Conduct in place for the year immediately preceding the summer period shall apply, unless the district amends either or both documents for the purposes of summer instruction.

### **Campus Behavior Coordinator**

By law, each campus has a campus behavior coordinator to apply discipline management techniques and administer consequences for certain student misconduct, as well as provide a point of contact for student misconduct. The campus behavior coordinator at each district campus is listed below:

- Michael Qualls, Principal of Bellevue Schools

### **Disruptions of School Operations**

Disruptions of school operations are not tolerated and may constitute a misdemeanor offense. As identified by law, disruptions include the following:

- Interference with the movement of people at an exit, entrance, or hallway of a district building without authorization from an administrator.
- Interference with an authorized activity by seizing control of all or part of a building.
- Use of force, violence, or threats in an attempt to prevent participation in an authorized assembly.
- Use of force, violence, or threats to cause disruption during an assembly.
- Interference with the movement of people at an exit or an entrance to district property.
- Use of force, violence, or threats in an attempt to prevent people from entering or leaving district property without authorization from an administrator.
- Disruption of classes or other school activities while on district property or on public property that is within 500 feet of district property. Class disruption includes making loud noises; trying to entice a student away from, or to prevent a student from attending, a required class or activity; and entering a classroom without authorization and disrupting the activity with loud or profane language or any misconduct.
- Interference with the transportation of students in vehicles owned or operated by the district.

## **Social Events**

School rules apply to all school social events. Guests attending these events are expected to observe the same rules as students, and a student inviting a guest will share responsibility for the conduct of his or her guest.

A student attending a social event will be asked to sign out when leaving before the end of the event; anyone leaving before the official end of the event will not be readmitted.

Please contact the campus principal if you are interested in serving as a chaperone for any school social events.

## **COUNSELING**

### **Academic Counseling**

#### ***Elementary and Middle/Junior High School Grade Levels***

The school counselor is available to students and parents to talk about the importance of postsecondary education and how best to plan for postsecondary education, including appropriate courses to consider and financial aid availability and requirements.

In either grade 7 or 8, each student will receive instruction related to how the student can best prepare for high school, college, and a career.

#### ***High School Grade Levels***

High school students and their parents are encouraged to talk with a school counselor, teacher, or principal to learn more about course offerings, graduation requirements, and early graduation procedures. Each year, high school students will be provided information on anticipated course offerings for the next school year and other information that will help them make the most of academic and CTE opportunities, as well as information on the importance of postsecondary education.

The school counselor can also provide information about entrance exams and application deadlines, as well as information about automatic admission, financial aid, housing, and scholarships as these relate to state colleges and universities. The school counselor can also provide information about workforce opportunities after graduation or technical and trade school opportunities, including opportunities to earn industry-recognized certificates and licenses.

### **Personal Counseling (All Grade Levels)**

The school counselor is available to assist students with a wide range of personal concerns, including such areas as social, family, emotional or mental health issues, or substance abuse. A student who wishes to meet with the school counselor should notify a teacher, the principal, or the counselor so that an appointment may be scheduled. As a parent, if you are concerned about your child's mental or emotional health, please speak with the school counselor for a list of resources that may be of assistance.

[Also see **Substance Abuse Prevention and Intervention** on page 74 and **Suicide Awareness** on page 74.]

## **COURSE CREDIT (Secondary Grade Levels Only)**

A student in grades 9–12, or in a lower grade when a student is enrolled in a high school credit-bearing course, will earn credit for a course only if the final grade is 70 or above. For a two-semester (1 credit) course, the student’s grades from both semesters will be averaged and credit will be awarded if the combined average is 70 or above. Should the student’s combined average be less than 70, the student will be required to retake the semester in which he or she failed.

## **CREDIT BY EXAMINATION—If a Student Has Taken the Course/Subject (All Grade Levels)**

A student who has previously taken a course or subject—but did not receive credit or a final grade for it—may, in circumstances determined by the principal or attendance committee, be permitted to earn credit by passing an exam approved by the district’s board of trustees on the essential knowledge and skills defined for that course or subject. Prior instruction may include, for example, incomplete coursework due to a failed course or excessive absences, homeschooling, or coursework by a student transferring from a nonaccredited school. The opportunity to take an examination to earn credit for a course or to be awarded a final grade in a subject after the student has had prior instruction is sometimes referred to as “credit recovery.”

The school counselor or principal would determine if the student could take an exam for this purpose. If approval is granted, the student must score at least 70 on the exam to receive credit for the course or subject.

The attendance review committee may also offer a student with excessive absences an opportunity to earn credit for a course by passing an exam.

[For further information, see the school counselor and policy EHDB(LOCAL).]

## **CREDIT BY EXAMINATION FOR ADVANCEMENT/ACCELERATION—If a Student Has Not Taken the Course/Subject**

A student will be permitted to take an exam to earn credit for an academic course or subject area for which the student has had no prior instruction, i.e., for advancement or to accelerate to the next grade level. The exams offered by the district are approved by the district’s board of trustees, and state law requires the use of certain exams, such as College Board Advanced Placement (AP) and College Level Examination Program (CLEP) tests, when applicable. The dates on which exams are scheduled during the 2016–17 school year will be published in appropriate district publications and on the district’s website. The only exceptions to the published dates will be for any exams administered by another entity besides the district or if a request is made outside of these time frames by a student experiencing homelessness or by a student involved in the foster care system. When another entity administers an exam, a student and the district must comply with the testing schedule of the other entity. During each testing window provided by the district, a student may attempt a specific exam only once.

If a student plans to take an exam, the student (or parent) must register with the school counselor no later than 30 days prior to the scheduled testing date. [For further information, see policy EHDC.]

### **Students in Grades 1–5**

A student in elementary school will be eligible to accelerate to the next grade level if the student scores at least 80 on each exam in the subject areas of language arts, mathematics, science, and social studies, a district administrator recommends that the student be accelerated, and the student's parent gives written approval of the grade advancement.

### **Students in Grades 6–12**

A student in grade 6 or above will earn course credit with a passing score of at least 80 on the exam, a scaled score of 50 or higher on an exam administered through the CLEP, or a score of 3 or higher on an AP exam, as applicable. A student may take an exam to earn high school course credit no more than twice. If a student fails to achieve the designated score on the applicable exam before the beginning of the school year in which the student would need to enroll in the course according to the school's high school course sequence, the student must complete the course.

## **DATING VIOLENCE, DISCRIMINATION, HARASSMENT, AND RETALIATION (All Grade Levels)**

The district believes that all students learn best in an environment free from dating violence, discrimination, harassment, and retaliation and that their welfare is best served when they are free from this prohibited conduct while attending school. Students are expected to treat other students and district employees with courtesy and respect, to avoid behaviors known to be offensive, and to stop those behaviors when asked or told to stop. District employees are expected to treat students with courtesy and respect.

The board has established policies and procedures to prohibit and promptly respond to inappropriate and offensive behaviors that are based on a person's race, color, religion, gender, national origin, disability, or any other basis prohibited by law. A copy of the district's policy is available in the principal's office and in the superintendent's office or on the district's website. [See policy FFH.]

### **Dating Violence**

Dating violence occurs when a person in a current or past dating relationship uses physical, sexual, verbal, or emotional abuse to harm, threaten, intimidate, or control the other person in the relationship. Dating violence also occurs when a person commits these acts against a person in a marriage or dating relationship with the individual who is or was once in a marriage or dating relationship with the person committing the offense. This type of conduct is considered harassment if the conduct is so severe, persistent, or pervasive that it affects the student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; or substantially interferes with the student's academic performance.

Examples of dating violence against a student may include, but are not limited to, physical or sexual assaults; name-calling; put-downs; threats to hurt the student, the student's family members, or members of the student's household; destroying property belonging to the student; threats to commit suicide or homicide if the student ends the relationship; threats to harm a

student's current dating partner; attempts to isolate the student from friends and family; stalking; or encouraging others to engage in these behaviors.

### **Discrimination**

Discrimination is defined as any conduct directed at a student on the basis of race, color, religion, gender, national origin, disability, or any other basis prohibited by law that negatively affects the student.

### **Harassment**

Harassment, in general terms, is conduct so severe, persistent, or pervasive that it affects the student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; or substantially interferes with the student's academic performance.

Examples of harassment may include, but are not limited to, offensive or derogatory language directed at a person's religious beliefs or practices, accent, skin color, or need for accommodation; threatening, intimidating, or humiliating conduct; offensive jokes, name-calling, slurs, or rumors; physical aggression or assault; graffiti or printed material promoting racial, ethnic, or other negative stereotypes; or other kinds of aggressive conduct such as theft or damage to property.

In addition to dating violence as described above, two other types of prohibited harassment are described below.

### **Sexual Harassment and Gender-Based Harassment**

Sexual harassment and gender-based harassment of a student by an employee, volunteer, or another student are prohibited.

Examples of sexual harassment may include, but not be limited to, touching private body parts or coercing physical contact that is sexual in nature; sexual advances; jokes or conversations of a sexual nature; and other sexually motivated conduct, communications, or contact.

Sexual harassment of a student by an employee or volunteer does not include necessary or permissible physical contact not reasonably construed as sexual in nature, such as comforting a child with a hug or taking the child's hand. However, romantic and other inappropriate social relationships, as well as all sexual relationships, between students and district employees are prohibited, even if consensual.

Gender-based harassment includes harassment based on a student's gender, expression by the student of stereotypical characteristics associated with the student's gender, or the student's failure to conform to stereotypical behavior related to gender.

Examples of gender-based harassment directed against a student, regardless of the student's or the harasser's actual or perceived sexual orientation or gender identity, may include, but not be limited to, offensive jokes, name-calling, slurs, or rumors; physical aggression or assault; threatening or intimidating conduct; or other kinds of aggressive conduct such as theft or damage to property.

## **Retaliation**

Retaliation against a person who makes a good faith report of discrimination or harassment, including dating violence, is prohibited. Retaliation against a person who is participating in an investigation of alleged discrimination or harassment is also prohibited. A person who makes a false claim or offers false statements or refuses to cooperate with a district investigation, however, may be subject to appropriate discipline.

Examples of retaliation may include threats, rumor spreading, ostracism, assault, destruction of property, unjustified punishments, or unwarranted grade reductions. Unlawful retaliation does not include petty slights or annoyances.

## **Reporting Procedures**

Any student who believes that he or she has experienced dating violence, discrimination, harassment, or retaliation should immediately report the problem to a teacher, school counselor, principal, or other district employee. The report may be made by the student's parent. [See policy FFH(LOCAL) and (EXHIBIT) for other appropriate district officials to whom to make a report.]

Upon receiving a report of prohibited conduct as defined by policy FFH, the district will determine whether the allegations, if proven, would constitute prohibited conduct as defined by that policy. If not, the district will refer to policy FFI to determine if the allegations, if proven, would constitute bullying, as defined by law and that policy. If the alleged prohibited conduct, if proven, would constitute prohibited conduct and would also be considered bullying as defined by law and policy FFI, an investigation of bullying will also be conducted.

The district will promptly notify the parents of any student alleged to have experienced prohibited conduct involving an adult associated with the district. In the event alleged prohibited conduct involves another student, the district will notify the parents of the student alleged to have experienced the prohibited conduct when the allegations, if proven, would constitute a violation as defined by policy FFH.

## **Investigation of Report**

To the extent possible, the district will respect the privacy of the student; however, limited disclosures may be necessary to conduct a thorough investigation and to comply with law. Allegations of prohibited conduct, which includes dating violence, discrimination, harassment, and retaliation, will be promptly investigated.

If a law enforcement or other regulatory agency notifies the district that it is investigating the matter and requests that the district delay its investigation, the district will resume the investigation at the conclusion of the agency's investigation.

During the course of an investigation and when appropriate, the district will take interim action to address the alleged prohibited conduct.

If the district's investigation indicates that prohibited conduct occurred, appropriate disciplinary action, and, in some cases, corrective action, will be taken to address the conduct. The district may take disciplinary and corrective action even if the conduct that is the subject of the complaint was not unlawful.

All involved parties will be notified of the outcome of the district investigation within the parameters and limits allowed under the Family Educational Rights and Privacy Act (FERPA).

A student or parent who is dissatisfied with the outcome of the investigation may appeal in accordance with policy FNG(LOCAL).

## **DISCRIMINATION**

[See **Dating Violence, Discrimination, Harassment, and Retaliation** on page 30.]

## **DISTANCE LEARNING**

### **All Grade Levels**

Distance learning and correspondence courses include courses that encompass the state-required essential knowledge and skills but are taught through multiple technologies and alternative methodologies such as mail, satellite, Internet, video-conferencing, and instructional television.

If a student wishes to enroll in a correspondence course or a distance learning course that is not provided through the Texas Virtual School Network (TxVSN), as described below, in order to earn credit in a course or subject, the student must receive permission from the principal prior to enrolling in the course or subject. If the student does not receive prior approval, the district may not recognize and apply the course or subject toward graduation requirements or subject mastery.

### **Texas Virtual School Network (TxVSN) (Secondary Grade Levels)**

The Texas Virtual School Network (TxVSN) has been established by the state as one method of distance learning. A student has the option, with certain limitations, to enroll in a course offered through the TxVSN to earn course credit for graduation.

Depending on the TxVSN course in which a student enrolls, the course may be subject to the “no pass, no play” rules. [Also see **Extracurricular Activities, Clubs, and Organizations** on page 38.] In addition, for a student who enrolls in a TxVSN course for which an end-of-course (EOC) assessment is required, the student must still take the corresponding EOC assessment.

If you have questions or wish to make a request that your child be enrolled in a TxVSN course, please contact the school counselor. Unless an exception is made by the principal, a student will not be allowed to enroll in a TxVSN course if the school offers the same or a similar course.

A copy of policy EHDE will be distributed to parents of middle and high school students at least once each year. If you do not receive a copy or have questions about this policy, please contact the principal or superintendent.

## **DISTRIBUTION OF LITERATURE, PUBLISHED MATERIALS, OR OTHER DOCUMENTS (All Grade Levels)**

### **School Materials**

Publications prepared by and for the school may be posted or distributed, with the prior approval of the principal, sponsor, or teacher. Such items may include school posters, brochures, flyers, etc.

The school yearbook is available to students.

All school publications are under the supervision of a teacher, sponsor, and the principal.

## **Nonschool Materials**

### ***From Students***

Students must obtain prior approval from the principal before selling, posting, circulating, or distributing more than 3 copies of written or printed materials, handbills, photographs, pictures, films, tapes, or other visual or auditory materials that were not developed under the oversight of the school. To be considered, any nonschool material must include the name of the sponsoring person or organization. The decision regarding approval will be made within two school days.

The principal has designated the bulletin board outside the counselor's office as the location for approved nonschool materials to be placed for voluntary viewing or collection by students. [See policy FNAA.]

A student may appeal a decision in accordance with policy FNG(LOCAL). Any student who sells, posts, circulates, or distributes nonschool material without prior approval will be subject to disciplinary action in accordance with the Student Code of Conduct. Materials displayed without approval will be removed.

### ***From Others***

Written or printed materials, handbills, photographs, pictures, films, tapes, or other visual or auditory materials not sponsored by the district or by a district-affiliated school-support organization will not be sold, circulated, distributed, or posted on any district premises by any district employee or by persons or groups not associated with the district, except as permitted by policy GKDA. To be considered for distribution, any nonschool material must meet the limitations on content established in the policy, include the name of the sponsoring person or organization, and be submitted to the superintendent for prior review. The superintendent will approve or reject the materials within two school days of the time the materials are received. The requestor may appeal a rejection in accordance with the appropriate district complaint policy. [See policies at DGBA or GF.]

The principal has designated the bulletin board outside the counselor's office as the location for approved nonschool materials to be placed for voluntary viewing or collection.

Prior review will not be required for:

- Distribution of materials by an attendee to other attendees of a school-sponsored meeting intended for adults and held after school hours.
- Distribution of materials by an attendee to other attendees of a community group meeting held after school hours in accordance with policy GKD(LOCAL) or a noncurriculum-related student group meeting held in accordance with FNAB(LOCAL).
- Distribution for electioneering purposes during the time a school facility is being used as a polling place, in accordance with state law.

All nonschool materials distributed under these circumstances must be removed from district property immediately following the event at which the materials are distributed.

## **DRESS AND GROOMING (All Grade Levels)**

The district's dress code is established to teach grooming and hygiene, prevent disruption, and minimize safety hazards. Students and parents may determine a student's personal dress and grooming standards, provided that they comply with the following:

- a) Halter-tops, spaghetti straps, tube tops, midriff shirts, tank tops, shirts with sleeves cut out and muscle shirts must not be worn. Tops and pants must meet all the way around and show no skin. When seated, standing, stooping, bending or raising arms overhead, if skin is visible, it will not be permitted. Undergarments must never be visible. No see-thru or sheer clothing is permitted including Yoga pants.
- b) No risqué clothing or accessories with abusive, suggestive, offensive, lewd or violent themes may be worn. Clothing and accessories that advertise tobacco, alcohol products, or illegal substances and messages that are suggestive of these themes or that undermine authority are prohibited.
- c) Boy's shorts must have a minimum inseam length of 10 inches.
- d) Girl's shorts, skirts, and dresses must have a minimum inseam length of 10 inches while properly fitted at the waist.
- e) Overalls must be worn with all buttons/straps securely fastened with a proper top underneath.
- f) Pants and shorts will be fitted or belted at the waist. No hip huggers will be allowed if skin is visible.
- g) Headgear: hats, sunglasses, toboggans, etc. are not to be worn during the school day in the school building unless it is an official dress up day. For students not complying with this policy, teachers will take up any hat/cap/etc. and turn the item into the Principal's office.
- h) BISD Athletic gear is only allowed during athletic periods.
- i) Appropriate footwear will be worn at all times, properly fastened. House shoes and wheelies are prohibited.
- j) Coats/jackets worn in the classroom will be at the teacher's discretion.
- k) Wearing of pajamas is limited to official dress up days.
- l) Body piercing adornments are limited to the ears only for girls, regardless of whether they are covered or not. Covering unacceptable piercings, such as with a band aid, does not negate this rule. Spacers are prohibited. Earrings are not allowed in P.E. or athletics.
- m) Extremely unnatural hair coloring, hairstyles, and/or make-up are prohibited. Boys will not be allowed to wear beards or mustaches and must remain clean-shaven. Sideburns may not extend past bottom of earlobe. Boy's hair should be cut so that it does not pass the bottom of the shirt collar, bottom of the ear lobe, or the eyes. Girls and boys hair must be kept clean and well groomed.
- n) Any clothing or accessory deemed to be gang-related is prohibited. Objects may not hang out of pant pockets.
- o) Clothing that is cut or torn is not permitted. This includes jeans/pants with cuts or holes in them. All garments will have finished seams and hems.
- p) Tattoos must be covered.
- q) Cleavage shall not be visible.
- r) No oversized clothing will be allowed.

If the principal determines that a student's grooming or clothing violates the school's dress code, the student will be given an opportunity to correct the problem at school. If not corrected, the student may be assigned to in-school suspension for the remainder of the day, until the problem is corrected, or until a parent or designee brings an acceptable change of clothing to the school. Repeated offenses may result in more serious disciplinary action in accordance with the Student Code of Conduct.

## **ELECTRONIC DEVICES AND TECHNOLOGY RESOURCES (All Grade Levels)**

### **Possession and Use of Personal Telecommunications Devices, Including Mobile Telephones**

For safety purposes, the district permits students to possess personal mobile telephones; however, these devices must remain turned off during the instructional day, including during all testing, unless they are being used for approved instructional purposes. A student must have approval to possess other telecommunications devices such as netbooks, laptops, tablets, or other portable computers.

The use of mobile telephones or any device capable of capturing images is strictly prohibited in locker rooms or restroom areas while at school or at a school-related or school-sponsored event.

CELL PHONES – Believing that school represents a student's job, our policy allows students to use cell phones during the lunch period, and before or after school. If a parent needs to contact a student during the school day, it is expected that they call the Bellevue ISD front office and they will deliver the message. Trying to text or call your student during the school day could result in their cell phone being confiscated if it is used during an unauthorized time. Students are also asked to use the school's phone to contact parents during the day, unless they contact them during the authorized times stated above.

Cell phones should not be seen or heard during class or during passing periods. Teachers are asked to take up any phones which are seen or heard or if they suspect a student is using them inappropriately or during an unauthorized time. It is the student's responsibility to secure his/her phone. "Checking the time" or "it just fell out" means they should be taken up. Please be sure your phone is completely off and securely placed away.

If a student uses a telecommunications device without authorization during the unauthorized times, the device will be confiscated. 1<sup>st</sup> offense the telecommunications device will be returned to the student at the end of the day. 2<sup>nd</sup> offense the telecommunications device will be returned to the parent. 3<sup>rd</sup> offense the student will have to pay \$15 before the telecommunications device will be returned and assigned a step on the discipline plan. All future offenses will require a \$15 payment before the telecommunications device will be returned.

Confiscated telecommunications devices that are not retrieved by the student or the student's parents will be disposed of after the notice required by law. [See policy FNCE.]

In limited circumstances and in accordance with law, a student's personal telecommunications device may be searched by authorized personnel. [See **Searches** on page 69 and policy FNF.]

Any disciplinary action will be in accordance with the Student Code of Conduct. The district is not responsible for damaged, lost, or stolen telecommunications devices.

## **Possession and Use of Other Personal Electronic Devices**

Except as described below, students are not permitted to possess or use personal electronic devices such as MP3 players, video or audio recorders, DVD players, cameras, games, e-readers, or other electronic devices at school, unless prior permission has been obtained. Without such permission, teachers will collect the items and turn them in to the principal's office. The principal will determine whether to return items to students at the end of the day or to contact parents to pick up the items.

In limited circumstances and in accordance with law, a student's personal electronic device may be searched by authorized personnel. [See **Searches** on page 69 and policy FNF.]

Any disciplinary action will be in accordance with the Student Code of Conduct. The district is not responsible for any damaged, lost, or stolen electronic device.

## **Instructional Use of Personal Telecommunications and Other Electronic Devices**

In some cases, students may find it beneficial or might be encouraged to use personal telecommunications or other personal electronic devices for instructional purposes while on campus. Students must obtain prior approval before using personal telecommunications or other personal electronic devices for instructional use. Students must also sign a user agreement that contains applicable rules for use (separate from this handbook). When students are not using the devices for approved instructional purposes, all devices must be turned off during the instructional day. Violations of the user agreement may result in withdrawal of privileges and other disciplinary action.

## **Acceptable Use of District Technology Resources**

To prepare students for an increasingly technological society, the district has made an investment in the use of district-owned technology resources for instructional purposes; specific resources may be issued individually to students. Use of these technological resources, which include the district's network systems and use of district equipment, is restricted to approved purposes only. Students and parents will be asked to sign a user agreement (separate from this handbook) regarding use of these district resources. Violations of the user agreement may result in withdrawal of privileges and other disciplinary action.

## **Unacceptable and Inappropriate Use of Technology Resources**

Students are prohibited from possessing, sending, forwarding, posting, accessing, or displaying electronic messages that are abusive, obscene, sexually oriented, threatening, harassing, damaging to another's reputation, or illegal. This prohibition also applies to conduct off school property, whether the equipment used to send such messages is district-owned or personally owned, if it results in a substantial disruption to the educational environment.

Any person taking, disseminating, transferring, possessing, or sharing obscene, sexually oriented, lewd, or otherwise illegal images or other content, commonly referred to as "sexting," will be disciplined according to the Student Code of Conduct, may be required to complete an educational program related to the dangers of this type of behavior, and, in certain circumstances, may be reported to law enforcement. Because engaging in this type of behavior can lead to bullying or harassment, as well as possibly impede future endeavors of a student, we encourage

you to review with your child <http://beforeyoutext.com>, a state-developed program that addresses the consequences of engaging in inappropriate behavior using technology.

In addition, any student who engages in conduct that results in a breach of the district's computer security will be disciplined in accordance with the Student Code of Conduct, and, in some cases, the consequence may rise to the level of expulsion.

## **END-OF-COURSE (EOC) ASSESSMENTS**

[See **Graduation** on page 42 and **Standardized Testing** on page 71.]

## **ENGLISH LANGUAGE LEARNERS (All Grade Levels)**

A student who is an English language learner is entitled to receive specialized services from the district. To determine whether the student qualifies for services, a Language Proficiency Assessment Committee (LPAC) will be formed, which will consist of both district personnel and at least one parent representative. The student's parent must consent to any services recommended by the LPAC for an English language learner. However, pending the receipt of parental consent or denial of services, an eligible student will receive the services to which the student is entitled and eligible.

In order to determine a student's level of proficiency in English, the LPAC will use information from a variety of assessments. If the student qualifies for services, and once a level of proficiency has been established, the LPAC will then designate instructional accommodations or additional special programs that the student will require to eventually become proficient at grade level work in English. Ongoing assessments will be conducted to determine a student's continued eligibility for the program.

The LPAC will also determine whether certain accommodations are necessary for any state-mandated assessments. The STAAR L, as mentioned at **Standardized Testing** on page 71, may be administered to an English language learner, or, for a student up to grade 5, a Spanish version of STAAR. In limited circumstances, a student's LPAC may exempt the student from an otherwise required state-mandated assessment or may waive certain graduation requirements related to the English I end-of-course (EOC) assessment. The Texas English Language Proficiency Assessment System (TELPAS) will also be administered to English language learners who qualify for services.

If a student is considered an English language learner and receives special education services because of a qualifying disability, the student's ARD committee will make instructional and assessment decisions in conjunction with the LPAC.

## **EXTRACURRICULAR ACTIVITIES, CLUBS, AND ORGANIZATIONS (All Grade Levels)**

Participation in school-sponsored activities is an excellent way for a student to develop talents, receive individual recognition, and build strong friendships with other students; participation, however, is a privilege, not a right.

Participation in some of these activities may result in events that occur off-campus. When the district arranges transportation for these events, students are required to use the transportation

provided by the district to and from the events. Exceptions to this may only be made with the approval of the activity’s coach or sponsor. [Also see **Transportation** on page 75.]

Eligibility for initial and continuing participation in many of these activities is governed by state law and the rules of the University Interscholastic League (UIL)—a statewide association overseeing interdistrict competition. If a student is involved in an academic, athletic, or music activity governed by UIL, the student and parent are expected to know and follow all rules of the UIL organization. Students involved in UIL athletic activities and their parents can access the UIL Parent Information Manual at <https://www.uil texas.org/athletics/manuals>; a hard copy can be provided by the coach or sponsor of the activity on request. To report a complaint of alleged noncompliance with required safety training or an alleged violation of safety rules required by law and the UIL, please contact the curriculum division of TEA at (512) 463-9581 or [curriculum@tea.texas.gov](mailto:curriculum@tea.texas.gov).

[See <http://www.uil texas.org> for additional information on all UIL-governed activities.]

In addition, the following provisions apply to all extracurricular activities:

- A student who receives at the end of a grading period a grade below 70 in any academic class—other than an Advanced Placement (AP) or International Baccalaureate (IB) course; or an honors or dual credit course in English language arts, mathematics, science, social studies, economics, or language other than English—may not participate in extracurricular activities for at least three school weeks.
- A student who receives special education services and who fails to meet the standards in the individualized education program (IEP) may not participate for at least three school weeks.
- An ineligible student may practice or rehearse but may not participate in any competitive activity.
- A student is allowed in a school year up to 25 absences for UIL and Ag related activities. All extracurricular activities and public performances, whether UIL activities or other activities approved by the board, are subject to these restrictions. However, a student must maintain the 90% attendance rule for other absences, otherwise the student will not be allowed their 25 extracurricular activity absences.
- An absence for participation in an activity that has not been approved will receive an unexcused absence.

## **Standards of Behavior**

Sponsors of student clubs and performing groups such as the band, choir, and drill and athletic teams may establish standards of behavior—including consequences for misbehavior—that are stricter than those for students in general. If a violation is also a violation of school rules, the consequences specified by the Student Code of Conduct or by board policy will apply in addition to any consequences specified by the organization’s standards of behavior.

## **Offices and Elections**

Certain clubs, organizations, and performing groups will hold elections for student officers. These groups include: Student Council, National Honor Society, and FFA.

## FEES (All Grade Levels)

Materials that are part of the basic educational program are provided with state and local funds at no charge to a student. A student, however, is expected to provide his or her own pencils, paper, erasers, and notebooks and may be required to pay certain other fees or deposits, including:

- Costs for materials for a class project that the student will keep.
- Membership dues in voluntary clubs or student organizations and admission fees to extracurricular activities.
- Security deposits.
- Personal physical education and athletic equipment and apparel.
- Voluntarily purchased pictures, publications, class rings, yearbooks, graduation announcements, etc.
- Voluntarily purchased student accident insurance.
- Musical instrument rental and uniform maintenance, when uniforms are provided by the district.
- Personal apparel used in extracurricular activities that becomes the property of the student.
- Parking fees and student identification cards.
- Fees for lost, damaged, or overdue library books.
- Fees for driver training courses, if offered.
- Fees for optional courses offered for credit that require use of facilities not available on district premises.
- Summer school for courses that are offered tuition-free during the regular school year.
- A reasonable fee for providing transportation to a student who lives within two miles of the school. [See **Buses and Other School Vehicles** on page 75.]
- A fee not to exceed \$50 for costs of providing an educational program outside of regular school hours for a student who has lost credit or has not been awarded a final grade because of absences and whose parent chooses the program in order for the student to meet the 90 percent attendance requirement. The fee will be charged only if the parent or guardian signs a district-provided request form.
- In some cases, a fee for a course taken through the Texas Virtual School Network (TxVSN).

Any required fee or deposit may be waived if the student and parent are unable to pay. Application for such a waiver may be made to the principal. [For further information, see policy FP.]

## **FUNDRAISING (All Grade Levels)**

Student groups or classes and/or parent groups may be permitted to conduct fundraising drives for approved school purposes. An application for permission must be made to the principal at least 10 days before the event. [For further information, see policies FJ and GE.]

## **GANG-FREE ZONES (All Grade Levels)**

Certain criminal offenses, including those involving organized criminal activity such as gang-related crimes, will be enhanced to the next highest category of offense if they are committed in a gang-free zone. For purposes of the district, a gang-free zone includes a school bus and a location in, on, or within 1,000 feet of any district-owned or leased property or campus playground.

## **GENDER-BASED HARASSMENT**

[See **Dating Violence, Discrimination, Harassment, and Retaliation** on page 30.]

## **GRADE-LEVEL CLASSIFICATION (Grades 9–12 Only)**

After the ninth grade, students are classified according to the number of credits earned toward graduation.

Credits Earned	Classification
5	Grade 10 (Sophomore)
10	Grade 11 (Junior)
15	Grade 12 (Senior)

## **GRADING GUIDELINES (All Grade Levels)**

Grading guidelines for each grade level or course will be communicated and distributed to students and their parents by the classroom teacher. These guidelines have been reviewed by each applicable curriculum department and have been approved by the campus principal. These guidelines establish the minimum number of assignments, projects, and examinations required for each grading period. In addition, these guidelines establish how the student's mastery of concepts and achievement will be communicated (i.e., letter grades, numerical averages, checklist of required skills, etc.). Grading guidelines also outline in what circumstances a student will be allowed to redo an assignment or retake an examination for which the student originally made a failing grade. Procedures for a student to follow after an absence will also be addressed.

[Also see **Report Cards/Progress Reports and Conferences** on page 65 for additional information on grading guidelines.]

## **GRADUATION (Secondary Grade Levels Only)**

### **Requirements for a Diploma for a Student Enrolled in High School Prior to the 2014–15 School Year**

To receive a high school diploma from the district, a student who was enrolled in high school prior to the 2014–15 school year must successfully:

- Complete the required number of credits established by the state and any additional credits required by the district;
- Complete any locally required courses in addition to the courses mandated by the state; and
- Achieve passing scores on certain end-of-course (EOC) assessments or approved substitute assessments, unless specifically waived as permitted by state law.

[Also see **Standardized Testing** on page 71 for more information.]

### **Requirements for a Diploma Beginning with the 2014–15 School Year**

Beginning with students who entered grade 9 in the 2014–15 school year, as well as any currently enrolled high school student who decides to graduate under the foundation graduation program, a student must meet the following requirements to receive a high school diploma from the district:

- Complete the required number of credits established by the state and any additional credits required by the district;
- Complete any locally required courses in addition to the courses mandated by the state;
- Achieve passing scores on certain end-of-course (EOC) assessments or approved substitute assessments, unless specifically waived as permitted by state law; and
- Demonstrate proficiency, as determined by the district, in the specific communication skills required by the State Board of Education (SBOE).

### **Testing Requirements for Graduation**

Students are required, with limited exceptions and regardless of graduation program, to perform satisfactorily on the following EOC assessments: English I, English II, Algebra I, Biology, and U.S. History. A student who has not achieved sufficient scores on the EOC assessments to graduate will have opportunities to retake the assessments. State law and state rules also provide for certain scores on norm-referenced national standardized assessments or on the state-developed assessment used for entrance into Texas public universities to substitute for the requirement to meet satisfactory performance on an applicable EOC assessment, should a student choose this option. See the school counselor for more information on the state testing requirements for graduation.

If a student fails to perform satisfactorily on an EOC assessment, the district will provide remediation to the student in the content area for which the performance standard was not met. This may require participation of the student before or after normal school hours or at times of the year outside normal school operations.

In limited circumstances, a student who fails to demonstrate proficiency on two or fewer of the required assessments may still be eligible to graduate if an individual graduation committee, formed in accordance with state law, unanimously determines that the student is eligible to graduate.

[Also see **Standardized Testing** on page 71 for more information.]

### **Minimum, Recommended, and Advanced/Distinguished Achievement Graduation Programs**

For students who were enrolled in high school prior to the 2014–15 school year, the district offers the graduation programs listed in this section. Students enrolled in high school prior to the 2014–15 school year also have the option to pursue the foundation graduation program as described below. Note that permission to enroll in the Minimum Program as described in this section will be granted only if a written agreement is reached among the student, the student’s parent or person standing in parental relation, and the school counselor or appropriate administrator. In order for a student to take courses under the Minimum Program, the student must be at least 16 years of age; have completed at least two credits each in English language arts, math, science, and social studies courses that are required for graduation; or have failed grade 9 one or more times. [See policy EIF(LEGAL).]

All students who were enrolled in high school prior to the 2014–15 school year must meet the following credit and course requirements for graduation under the programs listed or may choose to pursue the foundation graduation program as described on page 45:

<b>Courses</b>	<b>Number of Credits: Minimum Program</b>	<b>Number of Credits: Recommended Program</b>	<b>Number of Credits: Advanced/Distinguished Achievement Program</b>
English/Language Arts	4	4	4
Mathematics	3	4	4
Science	2 or 3	4	4
Social Studies, including Economics	3 or 4	4	4
Physical Education*	1	1	1
Speech	0.5	0.5	0.5
Language other than English		2	3
Fine Arts	1	1	1

<b>Courses</b>	<b>Number of Credits: Minimum Program</b>	<b>Number of Credits: Recommended Program</b>	<b>Number of Credits: Advanced/Distinguished Achievement Program</b>
Locally required courses	0.5 credit in Health	0.5 credit in Health	0.5 credit in Health
Electives**	6 credits	5 credits	4 credits
Miscellaneous			Completion of 4 Advanced Measures***
<b>TOTAL</b>	<b>22 credits</b>	<b>26 credits</b>	<b>26 credits</b>

\* A student who is unable to participate in physical activity due to a disability or illness may be able to substitute a course in English language arts, mathematics, science, or social studies for the required credit of physical education. This determination will be made by the student's ARD committee, Section 504 committee, or other campus committee, as applicable.

\*\* State rules prohibit a student from combining a half-credit of a course for which there is an EOC assessment with another half-credit of an elective credit course to satisfy an elective credit requirement. However, the district will allow a student to satisfy a graduation requirement for which there are multiple options with one-half credit of one allowable option and one-half credit of another allowable option, if neither course has an EOC assessment.

\*\*\* A student graduating under the Advanced/Distinguished Achievement Program must also achieve a combination of four of the following advanced measures:

1. An original research project or other project that is related to the required curriculum. These projects must be judged by a panel of professionals or conducted under the direction of a mentor and reported to an appropriate audience. Please note that no more than two of the four advanced measures may be received from this option.
2. Test data where a student receives:
  - a. A score of 3 or above on an Advanced Placement (AP) exam;
  - b. A score of 4 or above on an International Baccalaureate (IB) exam; or
  - c. A score on the Preliminary SAT/National Merit Scholarship Qualifying Test (PSAT/NMSQT) that qualifies the student for recognition as a commended scholar or higher by the College Board and National Merit Scholarship Corporation, as part of the National Hispanic Recognition Program (NHRP) of the College Board, or as part of the National Achievement Scholarship Program of the National Merit Scholarship Corporation. The PSAT/NMSQT score will count

as only one advanced measure regardless of the number of honors received by the student.

3. College academic courses, including those taken for dual credit, and advanced technical courses, including locally articulated courses, provided the student scores the equivalent of a 3.0 or higher.

### **Foundation Graduation Program**

Every student in a Texas public school who entered grade 9 in the 2014–15 school year and thereafter will graduate under the “foundation graduation program.” Within the foundation graduation program are “endorsements,” which are paths of interest that include Science, Technology, Engineering, and Mathematics (STEM); Business and Industry; Public Services; Arts and Humanities; and Multidisciplinary Studies. Endorsements earned by a student will be noted on the student’s transcript. The foundation graduation program also involves the term “distinguished level of achievement,” which reflects the completion of at least one endorsement and Algebra II as one of the required advanced mathematics credits. A personal graduation plan will be completed for each high school student, as described on page 47.

State law and rules prohibit a student from graduating solely under the foundation graduation program without an endorsement unless, after the student’s sophomore year, the student and student’s parent are advised of the specific benefits of graduating with an endorsement and submit written permission to the school counselor for the student to graduate without an endorsement. A student who anticipates graduating under the foundation graduation program without an endorsement and who wishes to attend a four-year university or college after graduation must carefully consider whether this will satisfy the admission requirements of the student’s desired college or university.

Graduating under the foundation graduation program will also provide opportunities to earn “performance acknowledgments” that will be acknowledged on a student’s transcript. Performance acknowledgments are available for outstanding performance in bilingualism and biliteracy, in a dual credit course, on an AP or IB exam, on certain national college preparatory and readiness or college entrance exams, or for earning a state recognized or nationally or internationally recognized license or certificate. The criteria for earning these performance acknowledgments are prescribed by state rules, and the school counselor can provide more information about these acknowledgments.

A student enrolled in high school prior to the 2014–15 school year has the option of graduating under the foundation graduation program rather than the programs identified above that would otherwise be applicable to that student. See the school counselor for additional information.

The foundation graduation program requires completion of the following credits:

<b>Course Area</b>	<b>Number of Credits: Foundation Graduation Program</b>	<b>Number of Credits: Foundation Graduation Program With an Endorsement</b>
English/Language Arts	4	4
Mathematics	3	4*
Science	3	4
Social Studies, including Economics	3	3
Physical Education**	1	1
Language other than English***	2	2
Fine Arts	1	1
Locally required courses	0.5 credit in Health 0.5 credit in Speech	0.5 credit in Health 0.5 credit in Speech
Electives	4	6
Miscellaneous		Available Endorsements****: Science, Technology, Engineering, and Mathematics Business and Industry (with an emphasis in Ag Science) Multidisciplinary Studies
<b>TOTAL</b>	<b>22 credits</b>	<b>26 credits</b>

\* In order to obtain the distinguished level of achievement under the foundation graduation program, which will be denoted on a student's transcript and is a requirement to be considered for automatic admission purposes to a Texas four-year college or university, a student must complete an endorsement and take Algebra II as one of the 4 mathematics credits.

\*\* A student who is unable to participate in physical activity due to a disability or illness may be able to substitute a course in English language arts, mathematics, science, social studies, or another locally determined credit-bearing course for the required credit of physical education. This determination will be made by the student's ARD committee, Section 504 committee, or other campus committee, as applicable.

\*\*\* Students are required to earn two credits in the same language other than English to graduate. Any student may substitute computer programming languages for these credits. In limited circumstances, a student may be able to substitute this requirement with other courses, as determined by a district committee authorized by law to make these decisions for the student.

\*\*\*\* A student must specify upon entering grade 9 the endorsement he or she wishes to pursue.

### ***Personal Graduation Plans for Students Under the Foundation Graduation Program***

A personal graduation plan will be developed for each high school student who is subject to the requirements of the foundation graduation program. The district encourages all students to pursue a personal graduation plan that includes the completion of at least one endorsement and to graduate with the distinguished level of achievement. Attainment of the distinguished level of achievement entitles a student to be considered for automatic admission to a public four year college or university in Texas, depending on his or her rank in class. The school will review personal graduation plan options with each student entering grade 9 and his or her parent. Before the end of grade 9, a student and his or her parent will be required to sign off on a personal graduation plan that includes a course of study that promotes college and workforce readiness and career placement and advancement, as well as facilitates the transition from secondary to postsecondary education. The student's personal graduation plan will denote an appropriate course sequence based on the student's choice of endorsement.

Please also review TEA's Graduation Toolkit, available here:

<http://tea.texas.gov/communications/brochures.aspx>.

A student may, with parental permission, amend his or her personal graduation plan after the initial confirmation.

### **Available Course Options for All Graduation Programs**

Information regarding specific courses required or offered in each curriculum area will be distributed to students each spring in order to enroll in courses for the upcoming school year. Note that the district may require the completion of certain courses for graduation even if these courses are not required by the state for graduation.

Please be aware that not all courses are offered at every secondary campus in the district. A student who wants to take a course not offered at his or her regular campus should contact the school counselor about a transfer or other alternatives. If the parents of at least 22 students request a transfer for those students to take a course in the required curriculum other than fine arts or CTE, the district will offer the course for the following year either by teleconference or at the school from which the transfers were requested.

### **Certificates of Coursework Completion**

A certificate of coursework completion will be issued to a student who has successfully completed state and local credit requirements for graduation but has not yet demonstrated satisfactory performance on the state-mandated tests required for graduation.

### **Students with Disabilities**

Upon the recommendation of the admission, review, and dismissal (ARD) committee, a student with a disability who receives special education services may be permitted to graduate under the provisions of his or her IEP and in accordance with state rules.

A student who receives special education services and has completed four years of high school, but has not met the requirements of his or her IEP, may participate in graduation ceremonies and

receive a certificate of attendance. Even if the student participates in graduation ceremonies to receive the certificate of attendance, he or she may remain enrolled to complete the IEP and earn his or her high school diploma; however, the student will only be allowed to participate in one graduation ceremony.

[See policy FMH(LEGAL).]

Please also be aware that if an ARD committee places a student with a disability on a modified curriculum in a subject area, the student will be automatically placed in the Minimum Program, if that program is applicable based on the school year in which the student entered high school, in accordance with state rules.

If a student receiving special education services is scheduled to graduate under the Minimum Program or in accordance with the provisions of his or her IEP, the student's ARD committee will determine whether the general EOC assessment is an accurate measure of the student's achievement and progress and, if so, whether successful performance is required for graduation, or whether an alternative assessment is more appropriate. STAAR Alternate 2 is the alternative assessment currently allowed by the state. [See **Standardized Testing** for additional information.]

ARD committees for students with disabilities who receive special education services and who are subject to the foundation graduation program will make instructional and assessment decisions for these students in accordance with state law and rules. In order to earn an endorsement under the foundation program, a student must perform satisfactorily on the EOC assessments and receive no modified curriculum in the student's chosen endorsement area. A student may still be awarded an endorsement when the student fails to perform satisfactorily on no more than two EOC assessments but meets the other requirements for graduation under state law.

## **Graduation Activities**

Graduation activities will include:

- Graduation Ceremony
- Baccalaureate

Students who have met coursework requirements for graduation but have not yet demonstrated satisfactory performance on end-of-course assessments and have not been declared eligible to graduate by an individual graduation committee, if applicable, will be allowed to participate in graduation activities. However, please keep in mind that participating in the activities and ceremonies is not synonymous with graduating. Ultimately, the final awarding of a diploma will be contingent upon the student's completion of all applicable requirements for graduation.

The following students and student groups shall be recognized at graduation ceremonies:

- National Honor Society
- Honor Graduates
- Valedictorian and Salutatorian

## **Graduation Speakers**

Certain graduating students will be given an opportunity to have speaking roles at graduation ceremonies.

A student must meet local eligibility criteria, which may include requirements related to student conduct, to have a speaking role. Students eligible for speaking roles will be notified by the principal and given an opportunity to volunteer.

[See FNA(LOCAL) and the Student Code of Conduct. For student speakers at other school events, see **Student Speakers** on page 74.]

## **Graduation Expenses**

Because students and parents will incur expenses in order to participate in the traditions of graduation—such as the purchase of invitations, senior ring, cap and gown, and senior picture—both the student and parent should monitor progress toward completion of all requirements for graduation. The expenses often are incurred in the junior year or first semester of the senior year. [See **Student Fees** on page 40.]

## **Scholarships and Grants**

Students who have a financial need according to federal criteria and who complete the Recommended Program or Advanced/Distinguished Achievement Program, for as long as those programs are in place, or who complete the foundation graduation program, may be eligible under the TEXAS Grant Program for tuition and fees to Texas public universities, community colleges, and technical schools, as well as to private institutions.

Contact the school counselor for information about other scholarships and grants available to students.

## **HARASSMENT**

[See **Dating Violence, Discrimination, Harassment, and Retaliation** on page 30.]

## **HAZING (All Grade Levels)**

Hazing is defined as any intentional, knowing, or reckless act occurring on or off campus directed against a student that endangers the mental or physical health or the safety of a student for the purpose of pledging, being initiated to, affiliating with, holding office in, or maintaining membership in any organization whose members are or include other students.

Hazing will not be tolerated by the district. If an incident of hazing occurs, disciplinary consequences will be handled in accordance with the Student Code of Conduct. It is a criminal offense if a person engages in hazing; solicits, encourages, directs, aids, or attempts to aid another in hazing; or has firsthand knowledge of an incident of hazing being planned or having occurred and fails to report this to the principal or superintendent.

[Also see **Bullying** on page 21 and policies FFI and FNCC.]

## **HEALTH-RELATED MATTERS**

### **Student Illness (All Grade Levels)**

When your child is ill, please contact the school to let us know he or she won't be attending that day. It is important to remember that schools are required to exclude students with certain illnesses from school for periods of time as identified in state rules. For example, if your child has a fever over 100 degrees, he or she must stay out of school until fever-free for 24 hours without fever-reducing medications. In addition, students with diarrheal illnesses must stay home until they are diarrhea free without diarrhea-suppressing medications for at least 24 hours. A full list of conditions for which the school must exclude children can be obtained from the school nurse.

If a student becomes ill during the school day, he or she must receive permission from the teacher before reporting to the school nurse. If the nurse determines that the child should go home, the nurse will contact the parent.

The district is also required to report certain contagious (communicable) diseases or illnesses to the Texas Department of State Health Services (TDSHS) or our local/regional health authority. The school nurse can provide information from TDSHS on these notifiable conditions.

Contact the school nurse if you have questions or if you are concerned about whether or not your child should stay home.

### **Bacterial Meningitis (All Grade Levels)**

State law requires the district to provide information about bacterial meningitis:

- What is meningitis?

Meningitis is an inflammation of the covering of the brain and spinal cord. It can be caused by viruses, parasites, fungi, and bacteria. Viral meningitis is common and most people recover fully. Parasitic and fungal meningitis are very rare. Bacterial meningitis is very serious and may involve complicated medical, surgical, pharmaceutical, and life support management.

- What are the symptoms?

Someone with meningitis will become very ill. The illness may develop over one or two days, but it can also rapidly progress in a matter of hours. Not everyone with meningitis will have the same symptoms.

Children (over 2 years old) and adults with bacterial meningitis commonly have a severe headache, high fever, and neck stiffness. Other symptoms might include nausea, vomiting, discomfort looking into bright lights, confusion, and sleepiness. In both children and adults, there may be a rash of tiny, red-purple spots. These can occur anywhere on the body.

The diagnosis of bacterial meningitis is based on a combination of symptoms and laboratory results.

- How serious is bacterial meningitis?

If it is diagnosed early and treated promptly, the majority of people make a complete recovery. In some cases it can be fatal or a person may be left with a permanent disability.

- How is bacterial meningitis spread?

Fortunately, none of the bacteria that cause meningitis are as contagious as diseases like the common cold or the flu, and they are not spread by casual contact or by simply breathing the air where a person with meningitis has been. They are spread when people exchange respiratory or throat secretions (such as by kissing, coughing, or sneezing).

The germ does not cause meningitis in most people. Instead, most people become carriers of the germ for days, weeks, or even months. The bacteria rarely overcome the body's immune system and cause meningitis or another serious illness.

- How can bacterial meningitis be prevented?

Maintaining healthy habits, like getting plenty of rest, can help prevent infection. Using good health practices such as covering your mouth and nose when coughing and sneezing and washing your hands frequently with soap and water can also help stop the spread of the bacteria. It's a good idea not to share food, drinks, utensils, toothbrushes, or cigarettes. Limit the number of persons you kiss.

There are vaccines available to offer protection from some of the bacteria that can cause bacterial meningitis.\* The vaccines are safe and effective (85–90 percent). They can cause mild side effects, such as redness and pain at the injection site lasting up to two days. Immunity develops within seven to ten days after the vaccine is given and lasts for up to five years.

- What should you do if you think you or a friend might have bacterial meningitis?

You should seek prompt medical attention.

- Where can you get more information?

Your school nurse, family doctor, and the staff at your local or regional health department office are excellent sources for information on all communicable diseases. You may also call your local health department or Regional Department of State Health Services office to ask about a meningococcal vaccine. Additional information may also be found at the websites for the Centers for Disease Control and Prevention, <http://www.cdc.gov>, and the Department of State Health Services, <http://www.dshs.state.tx.us>.

\* Please note that the TDSHS requires at least one meningococcal vaccination for a student ages 11 to 12 or for a student enrolling in grades 7–12, and state guidelines recommend this vaccination be administered between ages 11 and 12, with a booster dose at 16 years of age. Also note that entering college students must show, with limited exception, evidence of receiving a bacterial meningitis vaccination within the five-year period prior to enrolling in and taking courses at an institution of higher education. Please see the school nurse for more information, as this may affect a student who wishes to enroll in a dual credit course taken off campus.

[Also refer to **Immunization** on page 54 for more information.]

## **Food Allergies (All Grade Levels)**

The district requests to be notified when a student has been diagnosed with a food allergy, especially those allergies that could result in dangerous or possibly life-threatening reactions either by inhalation, ingestion, or skin contact with the particular food. It is important to disclose the food to which the student is allergic, as well as the nature of the allergic reaction. Please contact the school nurse or campus principal if your child has a known food allergy or as soon as possible after any diagnosis of a food allergy.

The district has developed and annually reviews a food allergy management plan, which addresses employee training, dealing with common food allergens, and specific strategies for dealing with students diagnosed with severe food allergies. When the district receives information that a student has a food allergy that puts the student at risk for anaphylaxis, individual care plans will be developed to assist the student in safely accessing the school environment. The district's food allergy management plan can be accessed at the front office.

[Also see policy FFAF and **Celebrations** on page 23.]

## **Head Lice (All Grade Levels)**

Head lice, although not an illness or a disease, is very common among children and is spread very easily through head-to-head contact during play, sports, or nap time and when children share things like brushes, combs, hats, and headphones. If careful observation indicates that a student has head lice, the teacher or principal will contact the student's parent to determine whether the child will need to be picked up from school and to discuss a plan for treatment with an FDA-approved medicated shampoo or cream rinse that may be purchased from any drug or grocery store. After the student has undergone one treatment, the parent should check in with the teacher or school principal to discuss the treatment used. The principal can also offer additional recommendations, including subsequent treatments and how best to get rid of lice and prevent their return.

More information on head lice can be obtained from the TDSHS website at <http://www.dshs.state.tx.us/schoolhealth/lice.shtm>.

## **Physical Activity Requirements**

### ***Elementary School***

In accordance with policies at EHAB, EHAC, EHBG, and FFA, the district will ensure that students in full-day prekindergarten–grade 5 engage in moderate or vigorous physical activity for at least 30 minutes per day or 135 minutes per week.

For additional information on the district's requirements and programs regarding elementary school student physical activity requirements, please see the principal.

### ***Junior High/Middle School***

In accordance with policies at EHAB, EHAC, EHBG, and FFA, the district will ensure that students in middle or junior high school will engage in 30 minutes of moderate or vigorous physical activity per day for at least four semesters.

For additional information on the district's requirements and programs regarding junior high and middle school student physical activity requirements, please see the principal.

### **School Health Advisory Council (SHAC) (All Grade Levels)**

During the preceding school year, the district's School Health Advisory Council (SHAC) held two meetings. Additional information regarding the district's SHAC is available from the principal.

The duties of the SHAC range from recommending curriculum to developing strategies for integrating curriculum into a coordinated school health program encompassing issues such as school health services, counseling services, a safe and healthy school environment, recess recommendations, improving student fitness, mental health concerns, and employee wellness.

[See policies at BDF and EHAA. See **Human Sexuality Instruction** on page 6 for additional information.]

### **Student Wellness Policy/Wellness Plan (All Grade Levels)**

Bellevue ISD is committed to encouraging healthy students and therefore has developed a board-adopted wellness policy at FFA(LOCAL) and corresponding plans and procedures to implement the policy. You are encouraged to contact the principal with questions about the content or implementation of the district's wellness policy and plan.

### **Other Health-Related Matters**

#### ***Physical Fitness Assessment (Grades 3–12)***

Annually, the district will conduct a physical fitness assessment of students in grades 3–12 who are enrolled in a physical education course or a course for which physical education credit is awarded. At the end of the school year, a parent may submit a written request to the principal to obtain the results of his or her child's physical fitness assessment conducted during the school year.

#### ***Tobacco and E-Cigarettes Prohibited (All Grade Levels and All Others on School Property)***

Students are prohibited from possessing or using any type of tobacco product, electronic cigarettes (e-cigarettes), or any other electronic vaporizing device, while on school property at any time or while attending an off-campus school-related activity.

The district and its staff strictly enforce prohibitions against the use of all tobacco products, e-cigarettes, or any other electronic vaporizing device, by students and all others on school property and at school-sponsored and school-related activities. [See the Student Code of Conduct and policies at FNCD and GKA.]

#### ***Asbestos Management Plan (All Grade Levels)***

The district works diligently to maintain compliance with federal and state law governing asbestos in school buildings. A copy of the district's Asbestos Management Plan is available in the superintendent's office. If you have any questions or would like to examine the district's plan

in more detail, please contact the superintendent, the district's designated asbestos coordinator, at 940-928-2104.

### ***Pest Management Plan (All Grade Levels)***

The district is required to follow integrated pest management (IPM) procedures to control pests on school grounds. Although the district strives to use the safest and most effective methods to manage pests, including a variety of non-chemical control measures, pesticide use is sometimes necessary to maintain adequate pest control and ensure a safe, pest-free school environment.

All pesticides used are registered for their intended use by the U.S. Environmental Protection Agency and are applied only by certified pesticide applicators. Except in an emergency, signs will be posted 48 hours before indoor application. All outdoor applications will be posted at the time of treatment, and signs will remain until it is safe to enter the area. Parents who have further questions or who want to be notified prior to pesticide application inside their child's school assignment area may contact superintendent, the district's IPM coordinator, at 940-928-2104.

### **HOMELESS STUDENTS (All Grade Levels)**

You are encouraged to inform the district if you or your child are experiencing homelessness. District staff can share resources with you that may be able to assist you and your family.

For more information on services for homeless students, contact the district's homeless education liaison, John Chandler at 940-928-2104.

[See also **Students Who Are Homeless** on page 14.]

### **ILLNESS**

[See **Student Illness** under **Health-Related Matters** on page 50.]

### **IMMUNIZATION (All Grade Levels)**

A student must be fully immunized against certain diseases or must present a certificate or statement that, for medical reasons or reasons of conscience, including a religious belief, the student will not be immunized. For exemptions based on reasons of conscience, only official forms issued by the Texas Department of State Health Services (TDSHS), Immunization Branch, can be honored by the district. This form may be obtained by writing the TDSHS Immunization Branch (MC 1946), P.O. Box 149347, Austin, Texas 78714-9347; or online at <https://corequest.dshs.texas.gov/>. The form must be notarized and submitted to the principal or school nurse within 90 days of notarization. If the parent is seeking an exemption for more than one student in the family, a separate form must be provided for each student.

The immunizations required are: diphtheria, tetanus, and pertussis; measles, mumps, and rubella; polio; hepatitis A; hepatitis B; varicella (chicken pox); and meningococcal. The school nurse can provide information on age-appropriate doses or on an acceptable physician-validated history of illness required by the TDSHS. Proof of immunization may be established by personal records from a licensed physician or public health clinic with a signature or rubber-stamp validation.

If a student should not be immunized for medical reasons, the student or parent must present a certificate signed by a U.S. registered and licensed physician stating that, in the doctor's opinion, the immunization required is medically contraindicated or poses a significant risk to the health and well-being of the student or a member of the student's family or household. This certificate must be renewed yearly unless the physician specifies a lifelong condition.

As noted at **Bacterial Meningitis**, entering college students must also, with limited exception, furnish evidence of having received a bacterial meningitis vaccination within the five years prior to enrolling in and attending classes at an institution of higher education. A student wanting to enroll in a dual credit course taken off campus may be subject to this requirement.

[For further information, see policy FFAB(LEGAL) and the TDSHS website:  
<http://www.dshs.state.tx.us/immunize/school/default.shtm>.]

## **LAW ENFORCEMENT AGENCIES (All Grade Levels)**

### **Questioning of Students**

When law enforcement officers or other lawful authorities wish to question or interview a student at school, the principal will cooperate fully regarding the conditions of the interview, if the questioning or interview is part of a child abuse investigation. In other circumstances:

- The principal will verify and record the identity of the officer or other authority and ask for an explanation of the need to question or interview the student at school.
- The principal ordinarily will make reasonable efforts to notify the parents unless the interviewer raises what the principal considers to be a valid objection.
- The principal ordinarily will be present unless the interviewer raises what the principal considers to be a valid objection.

### **Students Taken Into Custody**

State law requires the district to permit a student to be taken into legal custody:

- To comply with an order of the juvenile court.
- To comply with the laws of arrest.
- By a law enforcement officer if there is probable cause to believe the student has engaged in delinquent conduct or conduct in need of supervision.
- By a probation officer if there is probable cause to believe the student has violated a condition of probation imposed by the juvenile court.
- By an authorized representative of Child Protective Services, Texas Department of Family and Protective Services, a law enforcement officer, or a juvenile probation officer, without a court order, under the conditions set out in the Family Code relating to the student's physical health or safety.
- To comply with a properly issued directive to take a student into custody.

Before a student is released to a law enforcement officer or other legally authorized person, the principal will verify the officer's identity and, to the best of his or her ability, will verify the official's authority to take custody of the student.

The principal will immediately notify the superintendent and will ordinarily attempt to notify the parent unless the officer or other authorized person raises what the principal considers to be a valid objection to notifying the parents. Because the principal does not have the authority to prevent or delay a student's release to a law enforcement officer, any notification will most likely be after the fact.

### **Notification of Law Violations**

The district is required by state law to notify:

- All instructional and support personnel who have responsibility for supervising a student who has been taken into custody, arrested, or referred to the juvenile court for any felony offense or for certain misdemeanors.
- All instructional and support personnel who have regular contact with a student who is thought to have committed certain offenses or who has been convicted, received deferred prosecution, received deferred adjudication, or was adjudicated for delinquent conduct for any felony offense or certain misdemeanors.
- All appropriate district personnel in regards to a student who is required to register as a sex offender.

[For further information, see policies FL(LEGAL) and GRAA(LEGAL).]

### **LEAVING CAMPUS (All Grade Levels)**

Please remember that student attendance is crucial to learning. We ask that appointments be scheduled outside of school hours as much as reasonably possible. Also note that picking up a child early on a regular basis results in missed opportunities for learning. Unless the principal has granted approval because of extenuating circumstances, a student will not regularly be released before the end of the school day.

State rules require that parental consent be obtained before any student is allowed to leave campus for any part of the school day. The district has put the following procedures in place in order to document parental consent:

- For students in elementary and middle school, a parent or otherwise authorized adult must come to the office and sign the student out. Please be prepared to show identification. Once an identity is verified, a campus representative will then call for the student or collect the student and bring him or her to the office. For safety purposes and stability of the learning environment, we cannot allow you to go to the classroom or other area unescorted to pick up the student. If the student returns to campus the same day, the parent or authorized adult must sign the student back in through the main office upon the student's return. Documentation regarding the reason for the absence will also be required.
- For students in high school, the same process will be followed. If the student's parent will authorize the student to leave campus unaccompanied, a note provided by the parent

must be submitted to the main office in advance of the absence, no later than two hours prior to the student's need to leave campus. A phone call received from the parent may be accepted, but the school may ultimately require a note to be submitted for documentation purposes. Once the office has received information that the student's parent consents to the student leaving campus, a pass will be issued to the student to hand to his or her teacher with the necessary information. The student must sign out through the main office and sign in upon his or her return, if the student returns the same day. If a student is 18 years of age or is an emancipated minor, the student may produce a note on his or her own behalf. Documentation regarding the reason for the absence will be required.

- If a student becomes ill during the school day and the school nurse or other district personnel determines that the student should go home, the nurse will contact the student's parent and document the parent's wishes regarding release from school. Unless directed by the parent to release the student unaccompanied, the parent or other authorized adult must follow the sign-out procedures as listed above. If a student is allowed to leave campus by himself or herself, as permitted by the student's parent, or if the student is age 18 or is an emancipated minor, the nurse will document the time of day the student was released. Under no circumstances will a child in elementary or middle school be released unaccompanied by a parent or adult authorized by the parent.

### **During Lunch**

Bellevue ISD is a closed campus. However, Junior and Senior students can earn the privilege of open campus if they meet the privilege requirements outlined in the Bellevue High School Privilege System. Parents and students who meet the requirements will be required to sign an agreement explaining the rules for open campus privileges. The principal has the right to remove open campus privileges from any Junior or Senior student at any time who fails to meet the rules and regulations of the open campus policy.

\*Please see Principal for details on open campus lunch privileges.

### **At Any Other Time During the School Day**

Students are not authorized to leave campus during regular school hours for any other reason, except with the permission of the principal.

Students who leave campus in violation of these rules will be subject to disciplinary action in accordance with the Student Code of Conduct.

### **LOST AND FOUND (All Grade Levels)**

A "lost and found" collection box is located in the campus office. If your child has lost an item, please encourage him or her to check the lost and found box. The district discourages students from bringing to school personal items of high monetary value, as the district is not responsible for lost or stolen items. The campus will dispose of lost and found items at the end of each semester.

## **MAKEUP WORK**

### **Makeup Work Because of Absence (All Grade Levels)**

For any class missed, the teacher may assign the student makeup work based on the instructional objectives for the subject or course and the needs of the individual student in mastering the essential knowledge and skills or in meeting subject or course requirements.

A student will be responsible for obtaining and completing the makeup work in a satisfactory manner and within the time specified by the teacher. A student who does not make up assigned work within the time allotted by the teacher will receive a grade penalty outlined in each teacher's class syllabus. For any absence, whether Excused or Unexcused, the student will have the number of days absent plus one extra day to make up the work. However, if the student receives their work before the absence, then the student will be held to the same timeline as other students.

A student is encouraged to speak with his or her teacher if the student knows of an absence ahead of time, including absences for extracurricular activities, so that the teacher and student may plan any work that can be completed before or shortly after the absence. Please remember the importance of student attendance at school and that, even though absences may be excused or unexcused, all absences account for the 90 percent threshold in regards to the state laws surrounding "attendance for credit or final grade." [See also **Attendance for Credit or Final Grade** on page 18.]

A student involved in an extracurricular activity must notify his or her teachers ahead of time about any absences.

A student will be permitted to make up tests and to turn in projects due in any class missed because of absence. Teachers may assign a late penalty to any long-term project in accordance with time lines approved by the principal and previously communicated to students.

### **DAEP Makeup Work**

A student removed to a disciplinary alternative education program (DAEP) during the school year will have an opportunity to complete, before the beginning of the next school year, a foundation curriculum course in which the student was enrolled at the time of removal. The district may provide the opportunity to complete the course through an alternative method, including a correspondence course, another distance learning option, or summer school. The district will not charge the student for any method of completion provided by the district. [See policy FOCA(LEGAL).]

### **In-School Suspension (ISS) Makeup Work (All Grade Levels)**

A student removed from the regular classroom to in-school suspension or another setting, other than a DAEP, will have an opportunity to complete before the beginning of the next school year each course the student was enrolled in at the time of removal from the regular classroom. The district may provide the opportunity by any method available, including a correspondence course, another distance learning option, or summer school. The district will not charge the student for any method of completion provided by the district. [See policy FO(LEGAL).]

## **MEDICINE AT SCHOOL (All Grade Levels)**

Medication that must be administered to a student during school hours must be provided by the student's parent. All medication, whether prescription or nonprescription, must be kept in the nurse's office and administered by the nurse or another authorized district employee, unless the student is authorized to possess his or her own medication because of asthma or a severe allergy as described below or as otherwise allowed by law.

The district will not purchase nonprescription medication to give to a student. District employees will not give a student prescription medication, nonprescription medication, herbal substances, anabolic steroids, or dietary supplements, with the following exceptions:

Only authorized employees, in accordance with policy FFAC, may administer:

- Prescription medication, in the original, properly labeled container, provided by the parent, along with a written request.
- Prescription medication from a properly labeled unit dosage container filled by a registered nurse or another qualified district employee from the original, properly labeled container.
- Nonprescription medication, in the original, properly labeled container, provided by the parent along with a written request.
- Herbal or dietary supplements provided by the parent only if required by the student's individualized education program (IEP) or Section 504 plan for a student with disabilities.

Students whose schedules provide for regular time spent outdoors, including for recess and physical education classes, should apply sunscreen before coming to school.

For students at the elementary level, the student's teacher or other district personnel will apply sunscreen to a student's exposed skin if the student brings the sunscreen to school and requests assistance with the application of the sunscreen. Nothing prohibits a student at this level from applying his or her own sunscreen if the student is capable of doing so.

For students at the secondary level, a student may possess and apply sunscreen when necessary. If the student will need assistance with this application, please address the need for assistance with the school nurse.

Whether a student is at the elementary or secondary level, if sunscreen needs to be administered to treat any type of medical condition, this should be handled through communication with the school nurse so that the district is made aware of any safety and medical issues.

A student with asthma or severe allergic reaction (anaphylaxis) may be permitted to possess and use prescribed asthma or anaphylaxis medication at school or school-related events only if he or she has written authorization from his or her parent and a physician or other licensed health-care provider. The student must also demonstrate to his or her physician or health-care provider and to the school nurse the ability to use the prescribed medication, including any device required to administer the medication.

If the student has been prescribed asthma or anaphylaxis medication for use during the school day, the student and parents should discuss this with the school nurse or principal.

In accordance with a student's individual health plan for management of diabetes, a student with diabetes will be permitted to possess and use monitoring and treatment supplies and equipment while at school or at a school-related activity. See the school nurse or principal for information. [See policy FFAF(LEGAL).]

### **Psychotropic Drugs**

A psychotropic drug is a substance used in the diagnosis, treatment, or prevention of a disease or as a component of a medication. It is intended to have an altering effect on perception, emotion, or behavior and is commonly described as a mood- or behavior-altering substance.

Teachers and other district employees may discuss a student's academic progress or behavior with the student's parents or another employee as appropriate; however, they are not permitted to recommend use of psychotropic drugs. A district employee who is a registered nurse, an advanced nurse practitioner, a physician, or a certified or credentialed mental health professional can recommend that a student be evaluated by an appropriate medical practitioner, if appropriate. [For further information, see policy FFAC.]

### **NONDISCRIMINATION STATEMENT (All Grade Levels)**

In its efforts to promote nondiscrimination and as required by law, Bellevue ISD does not discriminate on the basis of race, religion, color, national origin, gender, sex, disability, age, or any other basis prohibited by law, in providing education services, activities, and programs, including CTE programs, and provides equal access to the Boy Scouts and other designated youth groups. The following district representatives have been designated to coordinate compliance with these legal requirements:

- Title IX Coordinator, for concerns regarding discrimination on the basis of sex, including sexual harassment or gender-based harassment: Michael Qualls, Principal, PO Box 38, Bellevue, TX 76228.
- ADA/Section 504 Coordinator, for concerns regarding discrimination on the basis of disability: John Chandler, Counselor, PO Box 38, Bellevue, TX 76228.
- All other concerns regarding discrimination: See the superintendent, Dean Gilstrap, PO Box 38, Bellevue, TX 76228.

[See policies FB, FFH, and GKD.]

### **PARENT AND FAMILY ENGAGEMENT (All Grade Levels)**

#### **Working Together**

Both experience and research tell us that a child's education succeeds best when there is good communication and a strong partnership between home and school. Your involvement and engagement in this partnership may include:

- Encouraging your child to put a high priority on education and working with your child on a daily basis to make the most of the educational opportunities the school provides.
- Ensuring that your child completes all homework assignments and special projects and comes to school each day prepared, rested, and ready to learn.

- Becoming familiar with all of your child’s school activities and with the academic programs, including special programs, offered in the district.
- Discussing with the school counselor or principal any questions you may have about the options and opportunities available to your child.
- Reviewing the requirements and options for graduation with your child in middle school and again while your child is enrolled in high school.
- Monitoring your child’s academic progress and contacting teachers as needed. [See **Academic Counseling** on page 28.]
- Attending scheduled conferences and requesting additional conferences as needed. To schedule a telephone or in-person conference with a teacher, school counselor, or principal, please call the school office at 940-928-2104 for an appointment. The teacher will usually return your call or meet with you during his or her conference period or before or after school. [See **Report Cards/Progress Reports and Conferences** on page 65.]
- Becoming a school volunteer. [For further information, see policy GKG and **Volunteers** on page 77.]
- Participating in campus parent organizations. Parent organizations include: PTFO.
- Serving as a parent representative on the district-level or campus-level planning committees, assisting in the development of educational goals and plans to improve student achievement. [For further information, see policies at BQA and BQB, and contact 940-928-2104.]
- Serving on the School Health Advisory Council (SHAC), assisting the district in ensuring local community values are reflected in health education instruction and other wellness issues. [See policies at BDF, EHAA, FFA, and information in this handbook at **School Health Advisory Council (SHAC)** on page 53.]
- Serving on a committee to determine criteria to be used to evaluate the overall performance of the district and each campus in community and student engagement. For further information, please contact the campus principal.
- Being aware of the school’s ongoing bullying and harassment prevention efforts.
- Contacting school officials if you are concerned with your child’s emotional or mental well-being.
- Attending board meetings to learn more about district operations. [See policies at BE and BED for more information.]

## **PHYSICAL EXAMINATIONS/HEALTH SCREENINGS**

### **Athletics’ Participation (Secondary Grade Levels Only)**

A student who wishes to participate in, or continue participation in, the district’s athletics program governed by the UIL must submit certification from a health-care provider authorized

under UIL rules that the student has been examined and is physically able to participate in the athletic program.

This examination is required to be submitted annually to the district.

### **Other Exams and Screenings (All Grade Levels)**

The district screens students for hearing and vision issues, or for abnormal spinal curvatures.

[Also see policy FFAA.]

### **PLEDGES OF ALLEGIANCE AND A MINUTE OF SILENCE (All Grade Levels)**

Each school day, students will recite the Pledge of Allegiance to the U.S. flag and the Pledge of Allegiance to the Texas flag. Parents may submit a written request to the principal to excuse their child from reciting a pledge. [See **Reciting the Pledges to the U.S. and Texas Flags** on page 62.]

State law requires that one minute of silence follow recitation of the pledges. Each student may choose to reflect, pray, meditate, or engage in any other silent activity during that minute so long as the silent activity does not interfere with or distract others. In addition, state law requires that each campus provide for the observance of one minute of silence at the beginning of the first class period when September 11 falls on a regular school day in remembrance of those who lost their lives on September 11, 2001.

[See policy EC for more information.]

### **PRAYER (All Grade Levels)**

Each student has a right to individually, voluntarily, and silently pray or meditate in school in a manner that does not disrupt instructional or other activities of the school. The school will not encourage, require, or coerce a student to engage in or to refrain from such prayer or meditation during any school activity.

### **PRIVILEGE SYSTEM (High School Only)**

Bellevue High School will be implementing a privilege system for high school students for the 2015-16 school year. This privilege system is designed to promote positive student choices and to reward students for their participation and accomplishments in school and school activities.

The following opportunities give students the chance to earn points throughout the school year:

A – Honor Roll = 25 points each six weeks, 35 points for semester

AB – Honor Roll = 15 points each six weeks, 25 points for semester

Pass all classes = 5 points each six weeks, 10 points for semester

Completion of extra-curricular activity w/no ineligibility = 20 points

Individual Award in extra-curricular activity = 10 points

Team Award in extra-curricular activity = 10 points

Perfect Attendance = 25 points each six weeks, 30 points for semester

**Successful completion of Dual-Credit (Pass - Cumulative) = 20 points**

**NHS/Academic Society Inductions = 20 points**

Compete in UIL Academics or One Act Play = 20 points

Compete in FFA Event = 20 points

Compete in 4H Event = 10 points  
 District, Bi-District, Area Champ (Ind. and/or Team) = 20 points  
 Regional Champ (Ind. and/or Team) = 35 points  
 State Champ (Ind. and/or Team) = 50 points  
 No discipline referrals = 40 points each six weeks, 50 points for semester

**Passed STAAR EOC test = 10 points per test**

**Advanced Level STAAR EOC test = 20 points per test**

**Present @ testing = 5 points per test**

Participation in float building (Participants approved through class sponsors) = 10 points  
 Science Fair Participation (Participation approved by Coordinator) = 5 points  
 Science Fair Awards = 20-40 points depending on place (1<sup>st</sup> – 3<sup>rd</sup> Place)

**\*Bold, underlined opportunities will carry over from year to year.**

Each six weeks at the awards assembly, the principal will recognize those students who have achieved the next level of rank in the privilege system. As students achieve a new level, they will still obtain the privileges of the previous rank. For example, a **Chief** has the same privileges as all other levels, along with the new privileges earned. The different levels of rank and the privileges earned are as follows:

<b>Officer</b>	(100 points)	Recognition at Awards Assembly and Privilege Wall
<b>Corporal</b>	(150 points)	Eligible for Semester Test and Final Exam exemptions (Must also meet all additional requirements listed in Student Handbook)
<b>Sergeant</b>	(250 points)	5 minutes early to lunch
<b>Lieutenant</b>	(450 points)	“Pizza Day” once a six weeks
<b>Captain</b>	(700 points)	Privilege Field Trip each semester, Off-campus lunch for Juniors and Seniors
<b>Chief</b>	(1000 points)	100% exemptions on final exams, School buys part of yearbook

In the privilege system, students may also lose points for discipline and attendance issues. Listed below are ways students may lose points in the privilege system:

Loss of Privilege Points:

Level I Discipline Offense

- 1<sup>st</sup> Offense (-5)
- 2<sup>nd</sup> Offense (-10)
- 3<sup>rd</sup> Offense (-15)

Level II Discipline Offense

- 1<sup>st</sup> Offense (-20)
- 2<sup>nd</sup> Offense (-25)
- 3<sup>rd</sup> Offense (-30)

Level III Discipline Offense

- 1<sup>st</sup> + Offense (-35)

Every 3 Tardies and Unexcused Absences (-10)

Dress Code Violations (-10)

The principal has full authority over the administering of points, loss of points, and privileges earned in the privilege system. If you or your student has any questions or concerns regarding the Bellevue High School Privilege System please contact the principal at 940-928-2104.

## **PROMOTION AND RETENTION**

A student will be promoted only on the basis of academic achievement or demonstrated proficiency in the subject matter of the course or grade level, the recommendation of the student's teacher, the score received on any criterion-referenced or state-mandated assessment, and any other necessary academic information as determined by the district.

In addition, at certain grade levels a student—with limited exceptions—will be required to pass the State of Texas Assessments of Academic Readiness (STAAR), if the student is enrolled in a public Texas school on any day between January 1 and the date of the first administration of the STAAR.

### **Elementary and Middle/Junior High Grade Levels**

In grades K-8, promotion is based on overall average of 70 on a scale of 100 based upon course level, grade level standards (essential knowledge and skills) for all subject areas and a grade of 70 or above in three of the following areas: language arts, mathematics, science, and social studies.

In order to be promoted to grade 6, students enrolled in grade 5 must perform satisfactorily on the mathematics and reading sections of the grade 5 assessment in English or Spanish.

In order to be promoted to grade 9, students enrolled in grade 8 must perform satisfactorily on the mathematics and reading sections of the grade 8 assessment in English.

If a student in grade 5 or 8 is enrolled in a course that earns high school credit and for which an end-of-course (EOC) assessment will be administered, the student will not be subject to the promotion requirements described above for the relevant grade 5 or 8 assessment. The student will instead take the corresponding EOC assessment.

If a student in grades 3–8 is enrolled in a class or course intended for students above his or her current grade level in which the student will be administered a state-mandated assessment, the student will be required to take an applicable state-mandated assessment only for the course in which he or she is enrolled, unless otherwise required to do so by federal law.

[See **Standardized Testing** on page 71.]

A student in grade 5 or 8 will have two additional opportunities to take a failed assessment. If a student fails a second time, a grade placement committee, consisting of the principal or designee, the teacher, and the student's parent, will determine the additional special instruction the student will receive. After a third failed attempt, the student will be retained; however, the parent can appeal this decision to the committee. In order for the student to be promoted, based on standards previously established by the district, the decision of the committee must be unanimous and the student must complete additional special instruction before beginning the next grade level. Whether the student is retained or promoted, an educational plan for the student will be designed to enable the student to perform at grade level by the end of the next school year. [See policy EIE.]

Certain students—some with disabilities and some classified as English language learners—may be eligible for exemptions, accommodations, or deferred testing. For more information, see the principal, school counselor, or special education director.

Parents of a student at or above grade level 3 who does not perform satisfactorily on his or her state-mandated exams will be notified that their child will participate in special instructional programs designed to improve performance. The student may be required to participate in this instruction before or after normal school hours or outside of the normal school year. Failure of a student to attend these programs may result in violations of required school attendance as well as the student not being promoted to the next grade level.

A Personal Graduation Plan (PGP) will be prepared for any student at the middle school or junior high level who did not perform satisfactorily on a state-mandated assessment or is determined by the district as not likely to earn a high school diploma before the fifth school year following enrollment in grade 9. The PGP will be designed and implemented by a school counselor, teacher, or other staff member designated by the principal. The plan will, among other items, identify the student's educational goals, address the parent's educational expectations for the student, and outline an intensive instruction program for the student. [For additional information, see the school counselor or principal and policy EIF(LEGAL).] For a student receiving special education services, the student's IEP may serve as the student's PGP and would therefore be developed by the student's ARD committee.

[For information related to the development of personal graduation plans for high school students, see **Personal Graduation Plans for Students Under the Foundation Graduation Program** on page 47.]

### **High School Grade Levels**

To earn credit in a course, a student must receive a grade of at least 70 based on course-level or grade-level standards.

A student in grades 9–12 will be advanced a grade level based on the number of course credits earned. [Also see **Grade Level Classification** on page 41.]

Students will also have multiple opportunities to retake EOC assessments. [See **Graduation** on page 42 and **Standardized Testing** on page 71 for more information about EOC assessments.]

### **RELEASE OF STUDENTS FROM SCHOOL**

[See **Leaving Campus** on page 56.]

### **REPORT CARDS/PROGRESS REPORTS AND CONFERENCES (All Grade Levels)**

Report cards with each student's grades or performance and absences in each class or subject are issued at least once every six weeks.

At the end of the first three weeks of a grading period, parents will receive a progress report if their child's performance in any course/subject area is near or below 70, or is below the expected level of performance. If the student receives a grade lower than 70 in any class or subject at the end of a grading period, the parent will be requested to schedule a conference with the teacher of that class or subject. [See **Working Together** on page 60 for how to schedule a conference.]

Teachers follow grading guidelines that have been approved by the principal pursuant to the board-adopted policy and are designed to reflect each student's relative mastery of each assignment for the grading period, semester, or course. State law provides that a test or course grade issued by a teacher cannot be changed unless the board determines that the grade was arbitrary or contains an error, or that the teacher did not follow the district's grading policy. [See policy EIA(LOCAL) and **Grading Guidelines** on page 41.]

Questions about grade calculation should first be discussed with the teacher; if the question is not resolved, the student or parent may request a conference with the principal in accordance with FNG(LOCAL).

The report card or unsatisfactory progress report will state whether tutorials are required for a student who receives a grade lower than 70 in a class or subject.

Report cards and unsatisfactory progress reports must be signed by the parent and returned to the school within three days. The district may use an electronic program to communicate academic information about your child, including for report card and progress reporting purposes. An electronic signature of the parent will be accepted by the district, but you are entitled to request the option to provide a handwritten signature of acknowledgment instead.

## **RETALIATION**

[See **Dating Violence, Discrimination, Harassment, and Retaliation** on page 30.]

## **SAFETY (All Grade Levels)**

Student safety on campus, at school-related events, and on district vehicles is a high priority of the district. Although the district has implemented safety procedures, the cooperation of students is essential to ensuring school safety. A student is expected to:

- Avoid conduct that is likely to put the student or others at risk.
- Follow the behavioral standards in this handbook and the Student Code of Conduct, as well as any additional rules for behavior and safety set by the principal, campus behavior coordinator, teachers, or bus drivers.
- Remain alert to and promptly report to a teacher or the principal any safety hazards, such as intruders on campus or threats made by any person toward a student or staff member.
- Know emergency evacuation routes and signals.
- Follow immediately the instructions of teachers, bus drivers, and other district employees who are overseeing the welfare of students.

## **Accident Insurance**

Soon after the school year begins, parents will have the opportunity to purchase low-cost accident insurance that would help meet medical expenses in the event of injury to their child.

## **Preparedness Drills: Evacuation, Severe Weather, and Other Emergencies**

From time to time, students, teachers, and other district employees will participate in preparedness drills of emergency procedures. When the command is given or alarm is sounded,

students need to follow the direction of teachers or others in charge quickly, quietly, and in an orderly manner.

### **Emergency Medical Treatment and Information**

If a student has a medical emergency at school or a school-related activity when the parent cannot be reached, the school may have to rely on previously provided written parental consent to obtain emergency medical treatment, and information about allergies to medications, foods, insect bites, etc. Therefore, parents are asked each year to complete an emergency care consent form. Parents should keep emergency care information up-to-date (name of doctor, emergency phone numbers, allergies, etc.). Please contact the school nurse to update any information that the nurse or the teacher needs to know.

### **Emergency School-Closing Information**

Each year, parents are asked to complete an emergency release form to provide contact information in the event that school is dismissed early or opening is delayed because of severe weather or another emergency, or if the campus must restrict access due to a security threat.

The district will rely on contact information on file with the district to communicate with parents in an emergency situation, which may include real-time or automated messages. It is crucial to notify your child's school when a phone number previously provided to the district has changed.

If the campus must close, delay opening, or restrict access to the building because of an emergency, the district will also alert the community in the following ways: school website, outgoing automated message to all parents, local news, and radio stations.

### **SAT, ACT, AND OTHER STANDARDIZED TESTS**

[See **Standardized Testing** on page 71.]

### **SCHEDULE CHANGES (Middle/Junior High and High School Grade Levels)**

#### **SCHOOL FACILITIES**

##### **Use by Students Before and After School (All Grade Levels)**

Certain areas of the school will be accessible to students before and after school for specific purposes. Students are required to remain in the area where their activity is scheduled to take place.

The following areas are open to students before school, beginning at 7:30 a.m.

- Cafeteria
- Gym Lobby
- Hallway Benches

Unless the teacher or sponsor overseeing an activity gives permission, a student will not be permitted to go to another area of the building or campus.

After dismissal of school in the afternoon, unless a student is involved in an activity under the supervision of a teacher or other authorized employee or adult, or unless students are granted

permission to remain on campus in accordance with policy FNAB, students must leave campus immediately.

### **Conduct Before and After School (All Grade Levels)**

Teachers and administrators have full authority over student conduct at before- or after-school activities on district premises and at school-sponsored events off district premises, such as play rehearsals, club meetings, athletic practices, and special study groups or tutorials. Students are subject to the same rules of conduct that apply during the instructional day and will be subject to consequences established by the Student Code of Conduct or any stricter standards of behavior established by the sponsor for extracurricular participants.

### **Use of Hallways During Class Time (All Grade Levels)**

Loitering or standing in the halls during class is not permitted. During class time, a student must have a hall pass to be outside the classroom for any purpose. Failure to obtain a pass will result in disciplinary action in accordance with the Student Code of Conduct.

### **Cafeteria Services (All Grade Levels)**

The district participates in the School Breakfast Program and National School Lunch Program and offers students nutritionally balanced meals daily in accordance with standards set forth in state and federal law.

Free and reduced-price meals are available based on financial need or household situation. Information about a student's participation is confidential; however, disclosure of a student's eligibility may be made without prior notice or consent to programs, activities, and individuals that are specifically authorized access under the National School Lunch Act (NSLA), which is the law that sets forth the disclosure limits for the district's child nutrition programs. A student's name, eligibility status, and other information may be disclosed to certain agencies as authorized under the NSLA to facilitate the enrollment of eligible children in Medicaid or the state children's health insurance program (CHIP) unless the student's parent notifies the district that a student's information should not be disclosed. A parent's decision will not affect the child's eligibility for free and reduced price meals or free milk. See Carla Mayo to apply for free or reduced price meal services.

Parents are strongly encouraged to continually monitor their child's meal account balance. When a student's meal account is depleted, the district will notify the parent. The student will be allowed to continue purchasing meals for up to \$5, and the district will present the parent with a schedule of repayment for any outstanding account balance. If the district is unable to work out an agreement with the student's parent on replenishment of the student's meal account and payment of any outstanding balance, the student will receive an alternate meal.

### **Library (All Grade Levels)**

The library is a learning laboratory with books, computers, magazines, and other materials available for classroom assignments, projects, and reading or listening pleasure. The library is open for independent student use when Mrs. Oneal is available in the library.

### **Meetings of Noncurriculum-Related Groups (Secondary Grade Levels Only)**

Student-organized, student-led noncurriculum-related groups are permitted to meet during the hours designated by the principal before and after school. These groups must comply with the requirements of policy FNAB(LOCAL).

A list of these groups is available in the principal's office.

### **SEARCHES**

In the interest of promoting student safety and attempting to ensure that schools are safe and drug free, district officials may from time to time conduct searches. Such searches are conducted without a warrant and as permitted by law.

#### **Students' Desks and Lockers (All Grade Levels)**

Students' desks and lockers are school property and remain under the control and jurisdiction of the school even when assigned to an individual student.

Students are fully responsible for the security and contents of their assigned desks and lockers. Students must be certain that their lockers are locked, and that the combinations are not available to others.

Searches of desks or lockers may be conducted at any time there is reasonable suspicion to believe that they contain articles or materials prohibited by policy, whether or not a student is present.

The parent will be notified if any prohibited items are found in the student's desk or locker.

#### **Telecommunications and Other Electronic Devices (All Grade Levels)**

Use of district-owned equipment and its network systems is not private and will be monitored by the district. [See policy CQ for more information.]

Any searches of personal telecommunications or other personal electronic devices will be conducted in accordance with law, and the device may be confiscated in order to perform a lawful search. A confiscated device may be turned over to law enforcement to determine whether a crime has been committed.

[See policy FNF(LEGAL) and **Electronic Devices and Technology Resources** on page 36 for more information.]

#### **Vehicles on Campus (Secondary Grade Levels Only)**

A student has full responsibility for the security and content of his or her vehicle parked on district property and must make certain that it is locked and that the keys are not given to others. [See also the Student Code of Conduct.]

Vehicles parked on district property are under the jurisdiction of the district. School officials may search any vehicle any time there is reasonable suspicion to do so, with or without the permission of the student. If a vehicle subject to search is locked, the student will be asked to unlock the vehicle. If the student refuses, the student's parent will be contacted. If a search is also refused by the student's parent, the district will turn the matter over to law enforcement.

The district may, in certain circumstances, contact law enforcement even if permission to search is granted.

### **Trained Dogs (All Grade Levels)**

The district will use trained dogs to alert school officials to the presence of prohibited or illegal items, including drugs and alcohol. At any time, trained dogs may be used around lockers and the areas around vehicles parked on school property. Searches of classrooms, common areas, or student belongings may also be conducted by trained dogs when students are not present. An item in a classroom, a locker, or a vehicle to which a trained dog alerts may be searched by school officials.

### **Metal Detectors (All Grade Levels)**

[For further information, see policy FNF(LOCAL).]

### **Drug Testing (Secondary Grade Levels Only)**

[For further information, see policy FNF(LOCAL). Also see **Steroids** on page 73.]

## **SEMESTER AND FINAL EXAM EXEMPTIONS**

Students in grades 9-12 may be exempt from semester exams if they meet the Bellevue High School privilege system requirements and also meet the following requirements for grades and attendance:

- A student will be allowed no more than 2 absences in a class, and exemptions will be administered according to the following sliding scale. Grades represent semester averages.
  - a. 0 absences – must be passing all classes for the semester
  - b. 1 absence – must have 85 or above in each class for the semester
  - c. 2 absences – must have 90 or above in each class for the semester
  - d. 3 absences – No exemptions
- In addition, the following guidelines shall apply:
  - a. 9<sup>th</sup> grade students may only exempt 1 test per semester.
  - 10<sup>th</sup> grade students may only exempt 2 tests per semester.
  - 11<sup>th</sup> grade students may only exempt 3 tests per semester.
  - 12<sup>th</sup> grade students may exempt only 3 tests in the fall semester, but may exempt all in the spring semester.
  - b. 9<sup>th</sup> -12<sup>th</sup> grades may not exempt from an EOC tested course during the Fall Semester Final Exams.
  - c. 10<sup>th</sup>, 11<sup>th</sup>, and 12<sup>th</sup> grades must have passed all EOC tests to be eligible for exemptions. 9<sup>th</sup> grade must have passed all sections of the 8<sup>th</sup> grade STAAR to be eligible.
  - d. Students have the option to take the exam to improve their grade without the risk of having their grade lowered.

- e. Students who have 3 tardies or an Unexcused absence for a class will not be eligible for an exemption in that class.
- f. Students who have received more than one disciplinary written referral, either for a campus or classroom rule violation, or student code of conduct violation, during a semester, shall not be eligible for exemption.
- g. Students placed in AEP, ISS, suspended or expelled during the semester shall not be eligible for exemption.
- h. Exempt students are required to attend school on semester exam days. Areas will be designated for these students during testing. If a student is signed out of school during exams, they will be counted absent, which could result in them having to take a semester test.
- i. 12<sup>th</sup> grade students exempt in the spring semester from ALL of their tests may bring a letter signed by their parent releasing them from school without being counted absent. This is to allow seniors time to prepare for graduation activities. Seniors will only be allowed to leave the school after 10am without being counted absent.
- j. Students who meet certain qualifications in the Bellevue High School privilege system may be exempt from ALL of their tests. Unless these students are Seniors during the spring semester, they will not be allowed to leave campus during exemptions.

## **SEXUAL HARASSMENT**

[See **Dating Violence, Discrimination, Harassment, and Retaliation** on page 30.]

## **SPECIAL PROGRAMS (All Grade Levels)**

The district provides special programs for gifted and talented students, homeless students, bilingual students, migrant students, English language learners, students diagnosed with dyslexia, and students with disabilities. The coordinator of each program can answer questions about eligibility requirements, as well as programs and services offered in the district or by other organizations. A student or parent with questions about these programs should contact the principal.

## **STANDARDIZED TESTING**

### **Secondary Grade Levels**

#### ***SAT/ACT (Scholastic Aptitude Test and American College Test)***

Many colleges require either the American College Test (ACT) or the Scholastic Aptitude Test (SAT) for admission. Students are encouraged to talk with the school counselor early during their junior year to determine the appropriate exam to take; these exams are usually taken at the end of the junior year. The Preliminary SAT (PSAT) and ACT-Aspire are the corresponding preparatory and readiness assessments for the SAT and ACT, and more information can be obtained on these assessments from the school counselor.

Note that participation in these assessments may qualify a student to receive a performance acknowledgment on his or her transcript under the foundation graduation program and may qualify as a substitute for an end-of-course testing requirement in certain circumstances. A student's performance at a certain level on the SAT or ACT also makes the student eligible for automatic admission to a Texas public institution of higher education.

### ***TSI (Texas Success Initiative) Assessment***

Prior to enrollment in a Texas public college or university, most students must take a standardized test called the Texas Success Initiative (TSI) assessment. The purpose of the TSI assessment is to assess the reading, mathematics, and writing skills that entering freshmen-level students should have if they are to perform effectively in undergraduate certificate or degree programs in Texas public colleges and universities. This assessment may be required before a student enrolls in a dual credit course offered through the district as well. Achieving certain benchmark scores on this assessment for college readiness may also waive certain end-of-course assessment requirements in limited circumstances.

### **STAAR (State of Texas Assessments of Academic Readiness)**

#### ***Grades 3–8***

In addition to routine tests and other measures of achievement, students at certain grade levels are required to take the state assessment, called STAAR, in the following subjects:

- Mathematics, annually in grades 3–8
- Reading, annually in grades 3–8
- Writing, including spelling and grammar, in grades 4 and 7
- Science in grades 5 and 8
- Social Studies in grade 8

Successful performance on the reading and math assessments in grades 5 and 8 is required by law, unless the student is enrolled in a reading or math course intended for students above the student's current grade level, in order for the student to be promoted to the next grade level. [See **Promotion and Retention** on page 64 for additional information.]

STAAR A will be available for an eligible student with a Section 504 accommodation plan who has been identified with dyslexia or a related disorder, as well as for a student receiving special education services, if the student meets state-established criteria and requires certain instructional and assessment accommodations on a routine basis.

STAAR Alternate 2, for students receiving special education services who meet certain state-established criteria, will be available for eligible students, as determined by the student's ARD committee.

STAAR L is a linguistically accommodated assessment that is available for certain limited English proficient (LEP) students, as determined by the student's Language Proficiency Assessment Committee (LPAC). A Spanish version of STAAR is also available to students through grade 5 who need this accommodation.

## **High School Courses—End-of-Course (EOC) Assessments**

STAAR end-of-course (EOC) assessments are administered for the following courses:

- Algebra I
- English I and English II
- Biology
- U.S. History

Satisfactory performance on the applicable assessments will be required for graduation, unless otherwise waived or substituted as allowed by state law and rules.

There are three testing windows during the year in which a student may take an EOC assessment, which will occur during the fall, spring, and summer months. If a student does not meet satisfactory performance, the student will have additional opportunities to retake the assessment.

STAAR A will be available for an eligible student with a Section 504 accommodation plan who has been identified with dyslexia or a related disorder, as well as for a student receiving special education services, if the student meets state-established criteria and requires certain instructional and assessment accommodations on a routine basis.

STAAR Alternate 2, for students receiving special education services who meet certain criteria established by the state, will be available for eligible students, as determined by the student's ARD committee.

An ARD committee for a student receiving special education services will determine whether successful performance on the EOC assessments will be required for graduation within the parameters identified in state rules and the student's personal graduation plan.

STAAR L, which is a linguistically accommodated assessment, will be available for English language learners who require this type of testing accommodation.

[Also see **Graduation** on page 42 for additional information.]

## **STEROIDS (Secondary Grade Levels Only)**

State law prohibits students from possessing, dispensing, delivering, or administering an anabolic steroid. Anabolic steroids are for medical use only, and only a physician can prescribe use.

Body building, muscle enhancement, or the increase of muscle bulk or strength through the use of an anabolic steroid or human growth hormone by a healthy student is not a valid medical use and is a criminal offense.

## **STUDENTS IN FOSTER CARE (All Grade Levels)**

In an effort to provide educational stability, the district strives to assist any student who is currently placed or newly placed in foster care (temporary or permanent custody of the state, sometimes referred to as substitute care) with the enrollment and registration process, as well as other educational services throughout the student's enrollment in the district.

Please contact the principal, who has been designated as the district's foster care liaison, at 940-928-2104 with any questions.

[See also **Students in the Conservatorship of the State** on page 13 for more information.]

### **STUDENT SPEAKERS (All Grade Levels)**

As determined by the principal, students who have been selected for special honors, such as captain of an athletic team, student council officers, leaders of school-sponsored organizations, homecoming king or queen, or prom king or queen may also address school audiences at designated events.

[See policy FNA(LOCAL) regarding other speaking opportunities and **Graduation** on page 42 for information related to student speakers at graduation ceremonies.]

### **SUBSTANCE ABUSE PREVENTION AND INTERVENTION (All Grade Levels)**

If you are worried that your child may be using or is in danger of experimenting, using, or abusing illegal drugs or other prohibited substances, please contact the school counselor. The school counselor can provide you with a list of community resources that may be of assistance to you. The Texas Department of State Health Services (TDSHS) maintains information regarding children's mental health and substance abuse intervention services on its website:

<http://www.dshs.state.tx.us/mhsa-child-adolescent-services/>.

### **SUICIDE AWARENESS (All Grade Levels)**

The district is committed to partnering with parents to support the healthy mental, emotional, and behavioral development of its students. If you are concerned about your child, please access <http://www.texasuicideprevention.org> or contact the school counselor for more information related to suicide prevention services available in your area.

### **SUMMER SCHOOL (All Grade Levels)**

Summer Accelerated Instruction will be provided for students who do not meet attendance requirements for the school year, students who do not meet academic requirements for the school year, and for students who do not meet state testing requirements for the school year.

### **TARDIES (All Grade Levels)**

3 tardies will result in step on the principal's step discipline plan. Repeated instances of tardiness will result in more severe disciplinary action, in accordance with the Student Code of Conduct.

### **TEXTBOOKS, ELECTRONIC TEXTBOOKS, TECHNOLOGICAL EQUIPMENT, AND OTHER INSTRUCTIONAL MATERIALS (All Grade Levels)**

Textbooks and other district-approved instructional materials are provided to students free of charge for each subject or class. Any books must be covered by the student, as directed by the teacher, and treated with care. Electronic textbooks and technological equipment may also be provided to students, depending on the course and course objectives. A student who is issued a damaged item should report the damage to the teacher. Any student failing to return an item in acceptable condition loses the right to free textbooks and technological equipment until the item is returned or the damage paid for by the parent; however, the student will be provided the necessary instructional resources and equipment for use at school during the school day.

## **TRANSFERS (All Grade Levels)**

The principal is authorized to transfer a student from one classroom to another.

[See **Safety Transfers/Assignments** on page 13, **Bullying** on page 21, and **Students Who Have Learning Difficulties or Who Need Special Education Services** on page 14 for other transfer options.]

## **TRANSPORTATION (All Grade Levels)**

### **School-Sponsored Trips**

Students who participate in school-sponsored trips are required to use transportation provided by the school to and from the event. As approved by the principal, a coach or sponsor of an extracurricular activity may establish procedures related to making an exception to this requirement when a parent requests that the student be released to the parent or to another adult designated by the parent.

### **Buses and Other School Vehicles**

The district makes school bus transportation available to all students living two or more miles from school. This service is provided at no cost to students.

Bus routes and stops will be designated annually, and any subsequent changes will be posted at the school and on the district's website. For the safety of the operator of the vehicle and all passengers, students must board buses or other vehicles only at authorized stops, and drivers must unload passengers only at authorized stops.

The district has identified the following areas where hazardous conditions exist for students who live within two miles of the campus:

Students who live on the north to northeast side of the train tracks.

Because students in these areas might encounter hazardous conditions when traveling to and from school independently, the district will provide transportation to these students. Please contact the principal for additional information.

A parent may also designate a child-care facility or grandparent's residence as the regular pickup and drop-off location for his or her child. The designated facility or residence must be on an approved stop on an approved route. For information on bus routes and stops or to designate an alternate pickup or drop-off location, you may contact 940-928-2104.

[See the Student Code of Conduct for provisions regarding transportation to the DAEP.]

Students are expected to assist district staff in ensuring that buses and other district vehicles remain in good condition and that transportation is provided safely. When riding in district vehicles, including buses, students are held to behavioral standards established in this handbook and the Student Code of Conduct. Students must:

- Follow the driver's directions at all times.
- Enter and leave the vehicle in an orderly manner at the designated stop.
- Keep feet, books, instrument cases, and other objects out of the aisle.

- Not deface the vehicle or its equipment.
- Not put head, hands, arms, or legs out of the window, hold any object out of the window, or throw objects within or out of the vehicle.
- Not possess or use any form of tobacco or e-cigarettes in any district vehicle.
- Observe all usual classroom rules.
- Be seated while the vehicle is moving.
- Fasten their seat belts, if available.
- Wait for the driver’s signal upon leaving the vehicle and before crossing in front of the vehicle.
- Follow any other rules established by the operator of the vehicle.

Misconduct will be punished in accordance with the Student Code of Conduct; the privilege to ride in a district vehicle, including a school bus, may be suspended or revoked.

### **VANDALISM (All Grade Levels)**

The taxpayers of the community have made a sustained financial commitment for the construction and upkeep of school facilities. To ensure that school facilities can serve those for whom they are intended—both this year and for years to come—littering, defacing, or damaging school property is not tolerated. Students will be required to pay for damages they cause and will be subject to criminal proceedings as well as disciplinary consequences in accordance with the Student Code of Conduct.

### **VIDEO CAMERAS (All Grade Levels)**

For safety purposes, video and audio recording equipment is used to monitor student behavior, including on buses and in common areas on campus. Students will not be told when the equipment is being used.

The principal will review the video and audio recordings routinely and document student misconduct. Discipline will be in accordance with the Student Code of Conduct.

### **VISITORS TO THE SCHOOL (All Grade Levels)**

#### **General Visitors**

Parents and others are welcome to visit district schools. For the safety of those within the school and to avoid disruption of instructional time, all visitors must first report to the main office and must comply with all applicable district policies and procedures. When arriving on campus, all parents and other visitors should be prepared to show identification.

Visits to individual classrooms during instructional time are permitted only with approval of the principal and teacher and only so long as their duration or frequency does not interfere with the delivery of instruction or disrupt the normal school environment. Even if the visit is approved prior to the visitor’s arrival, the individual must check in at the main office first.

All visitors are expected to demonstrate the highest standards of courtesy and conduct; disruptive behavior will not be permitted.

### **Visitors Participating in Special Programs for Students**

On High School Career Days, the district invites representatives from colleges and universities and other higher education institutions, prospective employers, and military recruiters to present information to interested students.

### **VOLUNTEERS (All Grade Levels)**

We appreciate so much the efforts of parent and grandparent volunteers that are willing to serve our district and students. If you are interested in volunteering during the school day at the school or on a campus field trip, you will be required to sign and return the Bellevue ISD Volunteer Application available on the school's website. Please submit this form and other required information to the Principal at least one week before the scheduled school day event.

### **VOTER REGISTRATION (Secondary Grade Levels Only)**

A student who is eligible to vote in any local, state, or federal election may obtain a voter registration application at the main campus office.

### **WITHDRAWING FROM SCHOOL (All Grade Levels)**

A student under age 18 may be withdrawn from school only by a parent. The school requests notice from the parent at least three days in advance so that records and documents may be prepared. The parent may obtain a withdrawal form from the principal's office.

On the student's last day, the withdrawal form must be presented to each teacher for current grade averages and book and equipment clearance; to the librarian to ensure a clear library record; to the clinic for health records; to the school counselor for the last report card and course clearance; and finally, to the principal. A copy of the withdrawal form will be given to the student, and a copy will be placed in the student's permanent record.

A student who is age 18 or older, who is married, or who has been declared by a court to be an emancipated minor may withdraw without parental signature.

## Glossary

**Accelerated instruction** is an intensive supplemental program designed to address the needs of an individual student in acquiring the knowledge and skills required at his or her grade level and/or as a result of a student not meeting the passing standard on a state-mandated assessment.

**ACT-Aspire** refers to an assessment that took the place of ACT-Plan and is designed as a preparatory and readiness assessment for the ACT. This is usually taken by students in grade 10.

**ACT** refers to one of the two most frequently used college or university admissions exams: the American College Test. The test may be a requirement for admission to certain colleges or universities.

**ARD** is the admission, review, and dismissal committee convened for each student who is identified as needing a full and individual evaluation for special education services. The eligible student and his or her parents are members of the committee.

**Attendance review committee** is responsible for reviewing a student's absences when the student's attendance drops below 90 percent, or in some cases 75 percent, of the days the class is offered. Under guidelines adopted by the board, the committee will determine whether there were extenuating circumstances for the absences and whether the student needs to complete certain conditions to master the course and regain credit or a final grade lost because of absences.

**DAEP** stands for disciplinary alternative education program, a placement for students who have violated certain provisions of the Student Code of Conduct.

**EOC assessments** are end-of-course tests, which are state-mandated, and are part of the STAAR program. Successful performance on EOC assessments are required for graduation. These exams will be given in English I, English II, Algebra I, Biology, and U.S. History.

**ESSA** is the Every Student Succeeds Act passed by the federal government in December 2015.

**FERPA** refers to the federal Family Educational Rights and Privacy Act that grants specific privacy protections to student records. The law contains certain exceptions, such as for directory information, unless a student's parent or a student 18 or older directs the school not to release directory information.

**IEP** is the written record of the individualized education program prepared by the ARD committee for a student with disabilities who is eligible for special education services. The IEP contains several parts, such as a statement of the student's present educational performance; a statement of measurable annual goals, with short-term objectives; the special education and related services and supplemental aids and services to be provided, and program modifications or support by school personnel; a statement regarding how the student's progress will be measured and how the parents will be kept informed; accommodations for state or districtwide tests; whether successful completion of state-mandated assessments is required for graduation, etc.

**IGC** is the individual graduation committee, formed in accordance with state law, to determine a student's eligibility to graduate when the student has failed to demonstrate satisfactory performance on no more than two of the required state assessments.

**ISS** refers to in-school suspension, a disciplinary technique for misconduct found in the Student Code of Conduct. Although different from out-of-school suspension and placement in a DAEP, ISS removes the student from the regular classroom.

**PGP** stands for Personal Graduation Plan, which is required for high school students beginning with ninth graders in the 2014–15 school year, and for any student in middle school who fails a section on a state-mandated test or is identified by the district as not likely to earn a high school diploma before the fifth school year after he or she begins grade 9.

**PSAT** is the preparatory and readiness assessment for the SAT.

**SAT** refers to one of the two most frequently used college or university admissions exams: the Scholastic Aptitude Test. The test may be a requirement for admissions to certain colleges or universities.

**SHAC** stands for School Health Advisory Council, a group of at least five members, a majority of whom must be parents, appointed by the school board to assist the district in ensuring that local community values and health issues are reflected in the district’s health education instruction, along with providing assistance with other student and employee wellness issues.

**Section 504** is the federal law that prohibits discrimination against a student with a disability, requiring schools to provide opportunities for equal services, programs, and participation in activities. Unless the student is determined to be eligible for special education services under the Individuals with Disabilities Education Act (IDEA), general education with appropriate instructional accommodations will be provided.

**STAAR** is the State of Texas Assessments of Academic Readiness, the state’s system of standardized academic achievement assessments, effective beginning with certain students for the 2011–2012 school year.

**STAAR A** is an accommodated version of the STAAR that is available for certain students who receive special education services or students who have been identified as dyslexic.

**STAAR Alternate 2** is an alternative state-mandated assessment designed for students with severe cognitive disabilities receiving special education services who meet the participation requirements, as determined by the student’s ARD committee.

**STAAR Linguistically Accommodated (STAAR L)** is an alternative state-mandated assessment with linguistic accommodations designed for certain recent immigrant English language learners.

**State-mandated assessments** are required of students at certain grade levels and in specified subjects. Successful performance sometimes is a condition of promotion, and passing the STAAR EOC assessments is a condition of graduation. Students have multiple opportunities to take the tests if necessary for promotion or graduation.

**Student Code of Conduct** is developed with the advice of the district-level committee and adopted by the board and identifies the circumstances, consistent with law, when a student may be removed from a classroom, campus, or district vehicle. It also sets out the conditions that authorize or require the principal or another administrator to place the student in a DAEP. It outlines conditions for out-of-school suspension and for expulsion. The Student Code of Conduct also addresses notice to the parent regarding a student’s violation of one of its provisions.

**TELPAS** stands for the Texas English Language Proficiency Assessment System, which assesses the progress that English language learners make in learning the English language, and is administered for those who meet the participation requirements in kindergarten–grade 12.

**TSI assessment** is the Texas Success Initiative assessment designed to measure the reading, mathematics, and writing skills that entering college-level freshmen students should have if they are to be successful in undergraduate programs in Texas public colleges and universities.

**TxVSN** is the Texas Virtual School Network, which provides online courses for Texas students to supplement the instructional programs of public school districts. Courses are taught by qualified instructors, and courses are equivalent in rigor and scope to a course taught in a traditional classroom setting.

**UIL** refers to the University Interscholastic League, the statewide voluntary nonprofit organization that oversees educational extracurricular academic, athletic, and music contests.

## APPENDIX I: Freedom from Bullying Policy

---

**Note:** This policy addresses bullying of students. Before proceeding under this policy, review FFH to first determine whether that policy applies. For provisions regarding discrimination and harassment involving District students, see FFH. Note that FFI shall be used in conjunction with FFH for certain prohibited conduct. For reporting requirements related to child abuse and neglect, see FFG.

---

The District prohibits bullying as defined by this policy. Retaliation against anyone involved in the complaint process set out in this policy is a violation of District policy.

DEFINITION	Bullying occurs when a student or group of students who are on school property, at a school-sponsored or school-related activity, or in a vehicle operated by the District engages in written or oral expression, expression through electronic means, or physical conduct that: <ol style="list-style-type: none"><li>1. Exploits an imbalance of power between the student perpetrator and the student victim through written or oral expression or physical conduct and interferes with a student's education or substantially disrupts the operation of a school; and</li><li>2. Such conduct:<ol style="list-style-type: none"><li>a. Has the effect or reasonably will have the effect of physically harming a student, damaging a student's property, or placing a person in reasonable fear of harm to the student's person or of damage to the student's property; or</li><li>b. Is sufficiently severe, persistent, and pervasive enough that the action or threat creates an intimidating, threatening, or abusive educational environment for a student.</li></ol></li></ol>
RETALIATION	The District prohibits retaliation by a student or District employee against any person who, in good faith, makes a report of bullying, serves as a witness, or otherwise participates in an investigation under this policy.
FALSE CLAIM	A student who intentionally makes a false claim, offers false statements, or refuses to cooperate with a District investigation regarding bullying under this policy is subject to appropriate discipline.
TIMELY REPORTING	Reports of bullying shall be made as soon as possible after the alleged act or knowledge of the alleged act. A failure to promptly report may impair the District's ability to investigate.
REPORTING PROCEDURES	To obtain intervention and assistance, any student who believes that he or she has experienced bullying or believes that another student has experienced bullying should immediately report the alleged acts to a teacher, counselor, principal, or other District professional employee.
STUDENT REPORT	
EMPLOYEE REPORT	Any District employee who suspects or receives notice that a

REPORT FORMAT	<p>student or group of students has or may have experienced bullying shall promptly notify the principal or designee.</p> <p>A report may be made orally or in writing. If a report is made orally, the principal or designee shall prepare a written report from the oral information.</p>
INVESTIGATION OF REPORT	<p>The principal or designee shall determine whether the allegations, if proven, would constitute prohibited conduct under FFH(LOCAL), Freedom from Discrimination, Harassment, and Retaliation. If so, the matter shall be referred to the appropriate District official, as set out in FFH(LOCAL), for processing in accordance with that policy. If not, the principal or designee shall conduct an investigation based on the allegations of bullying. If appropriate, the principal shall promptly take interim action calculated to prevent bullying during the course of the investigation.</p>
CONCLUDING THE INVESTIGATION	<p>If the District official determines that the alleged conduct, if proven, would not be a violation of this policy or of policy FFH, the District official shall so notify the complainant/reporter in writing and dismiss the complaint.</p> <p>Absent extenuating circumstances, the investigation should be completed within ten District business days from the date of the report; however, the investigator shall take additional time if necessary to complete a thorough investigation.</p>
NOTICE TO PARENTS	<p>The investigator shall prepare a written report of the investigation. The report shall include a determination of whether bullying occurred. If the alleged victim is facing possible disciplinary action based on a physical interaction or altercation with the alleged perpetrator, the report shall include a determination whether the victim used reasonable self-defense. A copy of the report will be filed with the Superintendent or other appropriate administrator. The principal shall also communicate a summary of the report and its conclusions to the complainant.</p> <p>If an incident of bullying is confirmed, the principal or designee shall promptly notify the parents of both the victim and the perpetrator.</p>
DISTRICT ACTION BULLYING	<p>In no circumstance shall the District be required to inform the complainant of the specific disciplinary or corrective action taken.</p> <p>If the results of an investigation indicate that bullying occurred, the District shall promptly respond by taking appropriate disciplinary action in accordance with the Student Code of Conduct and may take corrective action reasonably calculated to address the conduct.</p>

STUDENTS WITH DISABILITIES	Before a student with disabilities is disciplined for engaging in bullying, the District shall comply with state and federal requirements related to discipline of students with disabilities.
COUNSELING	If the results of the investigation indicate bullying occurred, the principal or designee shall inform the victim, the perpetrator, and any witnesses of District counseling options available to them.
TRANSFERS	If the results of the investigation indicate bullying occurred, policy FDB will apply to any transfer request.
IMPROPER CONDUCT	If the investigation reveals improper conduct that was not “bullying,” the District may nonetheless take appropriate disciplinary action consistent with the Student Code of Conduct or other corrective action to address the conduct.
CONFIDENTIALITY	To the extent possible, the District shall endeavor to protect the privacy of the complainant, persons against whom the complaint is brought, and witnesses. However, limited disclosures may be necessary in order to conduct a thorough investigation.
APPEAL	A student who is dissatisfied with the outcome of the investigation may appeal through FNG(LOCAL), beginning at the appropriate level.
RECORDS RETENTION	The District shall retain records of the complaint and investigation in accordance with CPC(LOCAL).
ACCESS TO POLICY AND PROCEDURES	Information regarding this policy and any related procedures shall be included annually in the employee and student handbooks. The policy and procedures shall be posted on the District’s Web site; a copy may also be obtained at each campus and the District’s administrative offices.
